The regional travel guide for Subcarpathia (Poland) ,2025-09-24 **Ars erotica** ,1994 Katalog wystawy w Muzeum Narodowym w Warszawie stycze marzec 1994 **Mysticism, Ritual and Religion in Drone Metal** Owen Coggins,2018-01-25 This is the first extensive scholarly study of drone metal music and its religious associations drawing on five years of ethnographic participant observation from more than 300 performances and 74 interviews plus surveys analyses of sound recordings artwork and extensive online discourse about music Owen Coggins shows that while many drone metal listeners identify as non religious their ways of engaging with and talking about drone metal are richly informed by mysticism ritual and religion He explores why language relating to mysticism and spiritual experience is so prevalent in drone metal culture and in discussion of musical experiences and practices of the genre The author develops the work of Michel de Certeau to provide an empirically grounded theory of mysticism in popular culture He argues that the marginality of the genre culture together with the extremely abstract sound produces a focus on the listeners engagement with sound and that this in turn creates a space for the open ended exploration of religiosity in extreme states of bodily consciousness **Los Angeles Magazine** ,1998-12 Los Angeles magazine is a regional magazine of national stature Our combination of award winning feature writing investigative reporting service journalism and design covers the people lifestyle culture entertainment fashion art and architecture and news that define Southern California Started in the spring of 1961 Los Angeles magazine has been addressing the needs and interests of our region for 48 years The magazine continues to be the definitive resource for an affluent population that is intensely interested in a lifestyle that is uniquely Southern Californian
