Pruyser, 1974 First a scholarly work on such a hot theme as belief and unbelief requires considerable personal involvement and existential engagement on the part of the writer My ambition to do an honest scientific job on the topic required objectivity and faithfulness to the observations that form the starting point of conceptual inquiry and systematization My ambition to be at the same time a clinician which I am by profession imposed a special selectivity a penchant for reasoning within a useful pragmatic theoretical framework which lacks tightness and elegance but is clinically fascinating because of its hospitality to the messy details of life and a proneness to seeing the conflictual origins and elements in many situations which may appear pure and simple to a layman In addition there is something in the very nature of belief disbelief and unbelief that is likely to make the student a participant at some level in the material with which he deals **Belief and Unbelief** Jozef Conveleyn, Dirk Hutsebaut, 1994 *Dimensions of Belief and Unbelief* John R. Rea, 2018-07-19 The Hiddenness of God addresses the problem of divine hiddenness which concerns the ambiguity of evidence for God's existence the elusiveness of God's comforting presence the palpable and devastating experience of divine absence and abandonment and more phenomena which are hard to reconcile with the idea central to the Jewish and Christian scriptures that there exists a God who is deeply and lovingly concerned with the lives of humans Michael C Rea argues that divine hiddenness is not a problem to be explained away but rather a consequence of the nature of God himself He shows that it rests on unwarranted assumptions and expectations about God's love for human beings Rea explains how scripture and tradition bear testimony not only to God's love but to God's transcendence He shows that God's transcendence should be understood as implying that all of God's intrinsic attributes divine love included elude our grasp in significant ways **Faith Without Belief** Derek S. King, 2024-11-01 What do I do when I can't believe By nature and nurture we're trained to doubt We're fluent in skepticism It's no surprise then many of us struggle to believe the basic claims of Christianity Does God exist Was Jesus God Did Jesus rise from the dead Without convinced right answers to these questions many bump into a seemingly immovable barrier to Christian faith But this book offers another way Centered on faith as trust this book offers the way of hope for those who struggle to believe in Christian claims Engaging Scripture and the Christian tradition it proposes a way of faith without belief
