Dangerous Personalities Joe Navarro, Toni Sciarra Poynter, 2018-01-16 What makes a narcissist go from self involved to terrifying In this national bestseller Joe Navarro a leading FBI profiler unlocks the secrets to the personality disorders that put us all at risk I should have known How could we have missed the warning signs I always thought there was something off about him When we wake up to new tragedies in the news every day shootings rampages acts of domestic terrorism we often blame ourselves for missing the mania lurking inside unsuspecting individuals But how could we have known that the charismatic leader had the characteristics of a tyrant And how can ordinary people identify threats from those who are poised to devastate their lives on a daily basis the crazy coworkers out of control family members or relentless neighbors In **Dangerous Personalities** former FBI profiler Joe Navarro has the answers He shows us how to identify the four most common dangerous personalities the Narcissist the Predator the Paranoid and the Unstable Personality and how to analyze the potential threat level Along the way he provides essential tips and tricks to protect ourselves both immediately and in the long term as well as how to heal the trauma of being exposed to the destructive egos in our world

Social Deviance Tim Delaney, 2017-06-16 The topic of social deviance is inherently intriguing People in general and college students in particular find the topic of deviant behavior fascinating This can be explained at least in part by a combination of the subject matter itself our own past deviant behaviors and our willingness and desire to evaluate and comment on the behaviors of others While the topic of deviant behavior seems straightforward at the surface the study of social deviance reveals how complicated it really is Although **Social Deviance** utilizes a textbook style approach in its coverage of deviant behavior this comprehensive straightforward and student friendly book maintains student interest because of the author's use of real life phenomena and current examples Each chapter includes chapter objectives an introductory story a glossary of key terms discussion questions and boxed material The boxed materials include A Closer Look box that zooms in on topics that warrant deeper explanation and a Connecting Social Deviance and Popular Culture box that shows how contemporary forms of popular culture illustrate deviant behavior
