Abortion The Silent Holocaust:

The Abortion Debate in the United States and Canada Maureen Muldoon, 2021-03-19 First published in 1991 Over the last twenty five years or so the debate on abortion has not moved any closer to resolution in either the United States or Canada The courts the legislatures the pulpits the classrooms the hospitals and clinics and the media have provided the forums for this on going struggle Two groups of activists have dominated the debate The opponents of abortion who are referred to as anti abortion or pro life advocate restrictive policies on abortion while the pro choice groups direct their attempts to creating a permissive policy that allows a woman to make her own decision The anti abortion advocates and the pro choice advocates alike have learned the skills and developed the strategies to advance their own positions Whatever legal and public policy gains are made by one side are often countered by moves from their opponents There is available a vast amount of material related to the topic of abortion From the extensive and diverse literature this book draws a collection of relevant materials primarily representing aspects of the sociological philosophical religious and legal aspects of the abortion issue Its purpose is to serve as a source bode for those interested in seeing how the abortion debate has been conducted within the recent past The book also serves as a reference work for further study

The Battle for Bonhoeffer Stephen R. Haynes, 2018-09-13 The figure of Dietrich Bonhoeffer 1906 1945 has become a clay puppet in modern American politics Secular radical liberal and evangelical interpreters variously shape and mold the martyr

s legacy to suit their own pet agendas Stephen Haynes offers an incisive and clarifying perspective A recognized Bonhoeffer expert Haynes examines populist readings of Bonhoeffer including the acclaimed biography by Eric Metaxas Bonhoeffer Pastor Martyr Prophet Spy In his analysis Haynes treats among other things the November 2016 election of Donald Trump and the Bonhoeffer moment announced by evangelicals in response to the US Supreme Court s 2015 decision to legalize same sex marriage The Battle for Bonhoeffer includes an open letter from Haynes pointedly addressing Christians who still support Trump Bonhoeffer s legacy matters Haynes redeems the life and the man *Precious in His Sight* Roy B. Zuck,2012-05-11

Though numerous volumes have been written on human observations about children very few volumes present God s perspective on them as recorded in the Bible *Precious in His Sight* fills the gap admirably Not only is this volume unique it is also comprehensive The author covers all of the children in the Bible intensively studying the biblical text as well as incorporating insights from the best historical works on childhood and child rearing in ancient times The author s sensitivity to the cultural and sociological factors impinging on families in biblical times is everywhere apparent In order to appreciate what the book of Proverbs says about children for example one must understand how children were treated and viewed in other cultures during Old Testament times Everything the Bible says about children applies to contemporary childhood according to the author He finds biblical examples and abundant implications for children s physical emotional social and spiritual development The principles that can be garnered from this incisive work will help educators and parents in the teaching and training of children today Vital Contemporary Issues RoyCheck B. Zuck,2004-09-07 Vital pertaining to life essential of critical importance Contemporary of the present time belonging to the same time or period Issues a point or matter the decision of which is of special or public importance How does the Christian faith affect our understanding of vital contemporary issues such as abortion euthanasia and the AIDS crisis How can we evaluate the moral conflicts of our era from the perspective of biblical truth and what does the Bible say about social issues modern day claims to miraculous gifts and the tragedy of suicide *Vital Contemporary Issues Examining Current Questions and Controversies* draws upon the insights and studies of numerous evangelical scholars and writers to address crucial moral and social concerns Some of the chapters included in this volume are *Biblical Absolutes and Moral Conflicts* by Norman L Geisler *Euthanasia A Biblical Approach* by J Kerby Anderson *The Church and the AIDS Crisis* by Timothy D Howell *Evangelical Pluralism A Singular Problem* by W Gary Phillips Christian readers church leaders and pastors alike will appreciate the insight and guidance of *Vital Contemporary Issues* *What Should Philosophy Do?* Steven Yates,2021-07-12 Philosophy as an academic discipline has fallen on hard times Its practitioners might retort that never have there been so many books articles blogs etc But quantity is not quality and while philosophers are graduating with PhDs few are finding adequate employment and this is just the most visible problem The question *What Should Philosophy Do* is going begging and the social justice warriors have tried to transform it into one of their political platforms right along with the rest of the liberal arts or humanities In this book

philosopher Steven Yates revisits the question anew and comes up with a fresh perspective He argues that philosophy is not a mere academic discipline that it has a job to do in civilization that transcends its academic niche He argues that philosophy should identify clarify and evaluate worldviews noting their contributions noticed as such or not to the conversations of civilization examining their capacity to solve problems their consistency and their overall adequacy in helping us live Yates concludes that we should revisit the Christian worldview and perhaps other worldviews as part of an intellectual move towards a philosophical pluralism that emphasizes the freedom and intrinsic value of persons and could provide an alternative to the technocratic world order towards which we are presently heading at breakneck pace *Created*
