348 Coincidence! (Comparative Similarity Table) Aydin Turkgucu,2021-12-21 *Comparative Similarity Table 348 coincidence Among Myself and Dan Brown* The table where the similarity between the cited work and plagiarized work is shown. 348 Coincidence mentioned in the book. I have been writing books about the interaction of Virtual Reality and Artificial Intelligence Based universe model with beliefs and the future of this model as well as giving seminars as a computer programmer since 1995. Therefore, with the aim of forging a link between the beliefs of humans and science technology, I have developed discourses specific to me that are based on new knowledge and experiences. I broke new grounds with the new methods that I brought in the world of books. My books, which had press and media coverage for its original contents, received positive feedbacks from the relevant experts as well. My last four books, written since 2009, were translated into English and were published. My readers, who read Dan Brown's novel *Origin*, published on October 3, 2017, called me and said, "We were under the impression that we were reading your books while reading *Origin* novel of Dan Brown." Thereupon, I purchased the book. I was shocked when I read the constituent elements of my original works for which I own the copyright. I quickly realized crucial similarities in regard to purpose and fiction of the book, pattern of the stories, characters, the scenes used, the celebrities featured, findings and predictions. This comparison revealed over 300 similarities, which made me deduce the emergence of copyright infringement.
