

BIRON ROMAN PROCHAZKA

ABYSSINIA: THE POWDER BARREL

A BOOK ON THE MOST BURNING
QUESTION OF THE DAY

The author of this book was a lawyer in Addis Ababa up to 1934, pleading before the mixed international courts and the consular tribunals of the European states. His disclosures concerning the internal administration of Abyssinia and the possibilities of war furnish a rich fund of fact partly taken from official sources. What the author here says has been confirmed by recent happenings, and what he says about the future is therefore worthy of careful consideration.

Alliance of the Colored Peoples Joseph Calvitt Clarke, 2011 A detailed examination of Ethiopian Japanese relations from their beginnings in the interwar period through the Italo Ethiopian War of 1935 6 drawing on Japanese Russian Italian French and English sources With the Japanese posing as the leader of the world's colored peoples before World War II many Ethiopians turned to Japan for inspiration By offering them commercial opportunities by seeking their military support and by reaching out to popular Japanese opinion Ethiopians tried to soften the stark reality of a stronger Italy encroaching on their country Europeans feared Japan's growing economic and political influence in the colonial world Jealously guarding its claimed rights in Ethiopia against all comers among Italy's reasons for going to war was the perceived need to blunt Japan's commercial and military advances into Northeast Africa Meanwhile throughout 1934 and the summer of 1935 Moscow worked hard and in ways contrary to its claimed ideological imperatives to make Collective Security work Ethiopia was a small price to pay Italy for cooperation against Nazi Germany in Austria and Imperial Japan in China Yellow Japanese and black Ethiopian collaboration before the war illuminates the pernicious and flexible use of race in international diplomacy In odious terms Italians used race to justify their actions as defending western and white civilization The Japanese used race to explain their tilt toward Ethiopia The Soviets used race to justify their support for Italy until late 1935 Ethiopia used race to attract help and colored peoples worldwide rallied to Ethiopia's call J Calvitt Clarke III is Professor Emeritus of History at Jacksonville University Florida

Collision of Empires G. Bruce Strang, 2016-05-23 Italy's invasion of Ethiopia in 1935 marked a turning point in interwar Europe The last great European colonial conquest in Africa the conflict represented an enormous gamble for the Fascist dictator Benito Mussolini He faced a challenge not only from a stout Ethiopian defence but also from difficult logistics made worse by the League of Nations half hearted sanctions Mussolini faced down this opposition and Italian troops aided by air superiority and liberal use of yprite gas conquered Addis Ababa within eight months a victory that shocked many military observers of the time with its speed and suddenness The invasion had enormous repercussions on European international relations In the midst of a national election campaign the British National Government had felt constrained to support the League despite fears that sanctions through the League

could lead to war with Italy The concentration of the Royal Navy in the Mediterranean Sea alienated Mussolini and placed the French government on the horns of dilemma should France support its military partner Italy or its more important potential ally Great Britain French attempts to mark out a middle ground did little to placate the Duce and the crisis seemed to develop a deep rift between Fascist Italy and the Anglo French democracies while at the same time creating a crisis in Anglo French relations Mussolini turned towards Nazi Germany in an attempt to end his diplomatic isolation during the sanctions episode although Hitler considered the Duce s friendship a mixed blessing The question of American adherence to sanctions increased ill will between British politicians and the Roosevelt administration in Washington as each tended to blame the other for the failure of oil sanctions and the collapse of collective security The international crisis posed similarly thorny problems for the smaller powers of Europe and for Japan and the Soviet Union The crisis impeded common defence against Fascist expansionism while giving impetus to claims of the revisionist powers Despite the tremendous importance of the international crisis however little new work on the subject has appeared in recent decades In this volume an international cast of contributors take a fresh look at the crisis through the lens of new evidence and new approaches to international relations history to provide the most comprehensive coverage of the crisis currently possible and their work provides new frames of reference for exploring imperialism collective security and genocide

Historical Dictionary of Ethiopia David H. Shinn, Thomas P. Ofcansky, 2013-04-11 Ethiopia is clearly one of the most important countries in Africa First of all with about 75 million people it is the third most populous country in Africa Second it is very strategically located in the Horn of Africa and bordering Eritrea Sudan Kenya and Somalia with some of whom it has touchy and sometimes worse relations Yet its capital Addis Ababa is the headquarters of the African Union the prime meeting place for Africa s leaders So if things went poorly in Ethiopia this would not be good for Africa and for a long time this was the case with internal disruption rife until it was literally suppressed under the strong rule of the recently deceased Meles Zenawi The Historical Dictionary of Ethiopia Second Edition covers the history of Ethiopia through a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has several hundred cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent access point for students researchers and anyone wanting to know more about Ethiopia

The Black Pacific Narrative Etsuko Taketani, 2014-11-04 The Black Pacific Narrative Geographic Imaginings of Race and Empire between the World Wars chronicles the profound shift in geographic imaginings that occurred in African American culture as the United States evolved into a bioceanic global power The author examines the narrative of the black Pacific _the literary and cultural production of African American narratives in the face of America s efforts to internationalize the Pacific and to institute a Pacific Community reflecting a vision of a hemispheric regional order initiated and led by the United States The black Pacific was imagined in counterpoint to this regional order in the making which would ultimately be challenged by the Pacific War The principal subjects of study include such literary and

cultural figures as James Weldon Johnson George S Schuyler artists of the black Federal Theatre Project Langston Hughes W E B Du Bois and Walter White all of whom afford significant points of entry to a critical understanding of the stakes of the black Pacific narrative Adopting an approach that mixes the archival and the interpretive the author seeks to recover the black Pacific produced by African American narratives narratives that were significant enough in their time to warrant surveillance and suspicion and hence are significant enough in our time to warrant scholarly attention and reappraisal A compelling study that will appeal to a broad international audience of students and scholars of American studies African American studies American literature and imperialism and colonialism **Persecution, Migration, and Nationalism**

Mesganaw Mihiret, 2024-12-21 This book investigates how first generation immigrants who identify as Amhara in the United States craft their identities and establish both physical and social spaces for themselves This sits alongside the rise of Amhara ethnic nationalism which aims to counter anti Amhara sentiments and practices embedded in Ethiopia s body politic since the second half of the 19th century The author charts the historical development of the Ethiopian state particularly how Italian colonial era discord contributed to narratives of ethnic hatred toward the Amhara in a multiethnic Ethiopia The book addresses key issues related to the after migration experiences of the Amhara particularly how they engage in placemaking centered on tizita nostalgia a concept that encompasses remembering memorializing and yearning for places and experiences left behind This holds deep significance in Amhara culture The book explores the rise of nationalism as a response to these dynamics and examines the transnational political processes that shape identity formation Additionally it analyzes how Amhara immigrants replicate cultural landscapes in their new environments The experiences of Amhara immigrants in the USA provide unique insights into broader questions of how national political histories colonial narratives cultural heritage and the negotiation between Western and non Western cultures shape immigrant identity *Black Land*
Nadia Nurhussein, 2022-06-07 The first book to explore how African American writing and art engaged with visions of Ethiopia during the late nineteenth and early twentieth centuries As the only African nation with the exception of Liberia to remain independent during the colonization of the continent Ethiopia has long held significance for and captivated the imaginations of African Americans In *Black Land* Nadia Nurhussein delves into nineteenth and twentieth century African American artistic and journalistic depictions of Ethiopia illuminating the increasing tensions and ironies behind cultural celebrations of an African country asserting itself as an imperial power Nurhussein navigates texts by Walt Whitman Paul Laurence Dunbar Pauline Hopkins Harry Dean Langston Hughes Claude McKay George Schuyler and others alongside images and performances that show the intersection of African America with Ethiopia during historic political shifts From a description of a notorious 1920 Star Order of Ethiopia flag burning demonstration in Chicago to a discussion of the Ethiopian emperor Haile Selassie as Time magazine s Man of the Year for 1935 Nurhussein illuminates the growing complications that modern Ethiopia posed for American writers and activists American media coverage of the African nation exposed a clear

contrast between the Pan African ideal and the modern reality of Ethiopia as an antidemocratic imperialist state Did Ethiopia represent the black nation of the future or one of an inert and static past Revising current understandings of black transnationalism Black Land presents a well rounded exploration of an era when Ethiopia s presence in African American culture was at its height
