Best Practices of Literacy Leaders Allison Swan Dagen, Rita M. Bean, 2020-02-05 This authoritative text and practitioner resource has now been extensively revised and expanded with 70% new material covering new topics and standards in literacy leadership. Prominent experts present research-based methods for improving instruction, assessment, and professional learning experiences in PreK-12. The distinct roles of teachers, reading literacy specialists, literacy coaches, special educators, and principals are explored with an emphasis on fostering a culture of collaboration. Chapters highlight the standards that apply to each component of a schoolwide literacy program, give examples of what they look like in schools, and share implications for classroom practice and professional learning. Pedagogical features include guiding questions, case examples, vignettes, engagement activities, and annotated resources for further learning. New to This Edition: Now copublished with the International Literacy Association (ILA) and grounded in ILA's updated Standards (2017), expanded grade range includes PreK. Chapters on new topics: writing instruction, sustaining schoolwide improvements, and collaborative leadership. New chapters on core topics: the principal's role, assessment, middle and high school literacy programs, special education, and culturally responsive instruction. Vignettes from leaders in diverse roles. Think About This questions for discussion, reflection, and end-of-chapter annotated resources.

Learning Unlimited Nicoleta Filimon, Christi Cartwright-Lacerda, 2024-11 The authors provide practical instructional strategies and resources to help multilingual students with limited or interrupted formal schooling learn and practice critical literacy skills.

Inquiring Scientists, Inquiring Readers in Middle School Terry Shiverdecker, Jessica Fries-Gaither, 2016-11-30 Great news for multitasking middle school teachers! Science educators Terry Shiverdecker and Jessica Fries-Gaither can help you blend inquiry-based science and literacy instruction to support student learning and maximize your time. Several unique features make *Inquiring Scientists, Inquiring Readers in Middle School* a valuable resource. Lessons integrate all aspects of literacy: reading, writing, speaking, listening, and viewing. The texts are relevant nonfiction, including trade books, newspaper and magazine articles, online material, infographics, and even videos. A learning cycle framework helps students deepen their understanding with data collection and analysis before reading about a concept. Ten investigations support current standards and encompass life, physical, and Earth and space sciences. Units range from Chemistry Toys and Accidental Inventions to Thermal Energy and an Ice Cube's Kryptonite. The authors have made sure the book is teacher-friendly. Each unit comes with scientific background, a list of common misconceptions, an annotated text list, safety considerations, differentiation strategies, reproducible student pages, and assessments. This middle school resource is a follow-up to the authors' award-winning *Inquiring Scientists, Inquiring Readers* for grades 3-5, which one reviewer called "very thorough and any science teacher's dream to read." The book will change the way you think about engaging your students in science and literacy.

Promoting the Educational Success of Children and Youth Learning English National Academies of Sciences, Engineering, and Medicine, Health and Medicine Division, Division of Behavioral and Social Sciences

and Education, Board on Science Education, Board on Children, Youth, and Families, Committee on Fostering School Success for English Learners: Toward New Directions in Policy, Practice, and Research, 2017-09-25 Educating dual language learners DLLs and English learners ELs effectively is a national challenge with consequences both for individuals and for American society. Despite their linguistic cognitive and social potential, many ELs who account for more than 9 percent of enrollment in grades K-12 in U.S. schools are struggling to meet the requirements for academic success, and their prospects for success in postsecondary education and in the workforce are jeopardized as a result. Promoting the Educational Success of Children and Youth Learning English: Promising Futures examines how evidence based on research relevant to the development of DLLs/ELs from birth to age 21 can inform education and health policies and related practices that can result in better educational outcomes. This report makes recommendations for policy, practice, and research and data collection focused on addressing the challenges in caring for and educating DLLs/ELs from birth to grade 12.
