Avro Lancaster Dambuster Model:

Sixty Years of Airfix Models Jeremy Brook, 2015-06-30 The best known and most important manufacturer of plastic model kits in the UK Airfix has been at the forefront of the industry since 1955 when the first Airfix aircraft kit appeared in UK branches of Woolworth's. The kits were made to a constant scale and covered a wide variety of subjects from aircraft to birds and from tanks to dinosaurs. In 1981 the famous London based company closed down and only the kits survived intact. For the next twenty five years Airfix was run by Palitoy and later Humbrol but suffered from a lack of investment. In 2006 Hornby Hobbies Ltd the train and Scalextric manufacturer bought the ailing company and transformed it. Money and resources were ploughed into the range and today Airfix releases around twenty new kits per year designed to an incredibly high standard. The old kits of the 1950s and 1960s are gradually being replaced by new state of the art tooling all bearing that most prestigious name Airfix. Published to coincide with the sixtieth anniversary of the first Airfix aircraft kit *Sixty Years of Airfix Models* tells the full story year by year of the company and its products. Illustrated throughout with colour photographs of kits, box art and completed models. Avro Lancaster in Military Service, 1945-1965 Martin Derry, Neil Robinson, 2014-12-17 The Avro Lancaster such a stalwart of the skies during the Second World War also enjoyed an interesting and surprisingly colourful post war career. It is this era that the authors have chosen to focus on by profiling the type across its many variants. Split into three primary sections this book offers a concise yet informative history of the Lancaster's post war operational career from 1945-1965 charting the course of the various alterations and improvements that occurred during this time and including a selection of contemporary photographs with detailed captions. A 16 page section features 32 colour illustrations in profiles, 2 views and 4 views specially prepared by Mark Gauntlett. The book's final section provides a list and box top illustrations of the plastic model kits produced of the Lancaster in all scales plus reviews and how to construction notes on building a selection of kits in 1:144, 1:72 and 1:48 scales. As with the other books in the Flight Craft series whilst published primarily with the scale aircraft modeller in mind it is hoped that those readers who might perhaps describe themselves as occasional modellers if indeed they model at all may also find that this colourful and informative work offers something to provoke their interests too. **No 617 'Dambuster' Sqn** Alex Bateman, 2012-11-20 Most famous for the dambusting raid in the darkest days of the Second World War the No 617 Sqn were a vastly experienced crew. It was the first and only squadron to use certain equipment and weapons in combat. This study covers the history of the No 617 Squadron. It explains the men, aircraft, weapons and operations of this squadron. The High Peak Dambuster Frank Pleszak, 2022-05-12 Operation Chastise the audacious attack on the dams in the Ruhr valley is arguably one of the most famous airborne attacks in history. During the night of 16/17 May 1943 133 men in nineteen specially adapted Lancasters the famous Dambusters set off to attack six dams deep in the heart of Germany. Eight of the bombers and 56 of the aircrew did not come home. Three of the aircrew who took part were from the High Peak region of Derbyshire. Flight Lieutenant Bill Astell

the pilot of ED864 who hailed from Coombs near Chapel en le Frith was killed after flying into electricity pylons on the way to the dams The navigator in ED924 Sergeant John Nugent from Stoney Middleton survived the Dambusters Raid but was killed later in the war The third High Peak Dambuster on whom this biography concentrates is the little known Sergeant Jack Marriott from Chinley the flight engineer on Lancaster ED937 during the attack Marriott's Lancaster Z Zebra reached the Mohne Dam only to discover that it had been breached some five bouncing bombs already having been released at it The crew led by Squadron Leader Henry Maudslay DFC then flew on to the Eder Dam where their bouncing bomb exploded beneath the Lancaster after hitting the parapet of the structure The damaged Lancaster struggled homeward but was shot down on the Dutch border Jack together with his crew was killed in the crash In this autobiography Frank Pleszak explores Jack's life his RAF service prior to joining 617 Squadron and then the events leading up to and during Operation Chastise itself But for Jack one the immortal Dambusters his story continued on after that historic night particularly during the filming of the 1955 epic Dam Busters in which his aircraft features *Kites, Birds & Stuff - AVRO Aircraft*.
