Absolute Forgiveness:

Practicing God's Radical Forgiveness Jeffrey Bullock, 2018-08-16 Forgiveness marks one of the most important issues of our time. If the enormous number of books and articles are a measure, then forgiveness, our forgiveness of others and forgiveness for ourselves, appeals to our deepest concern. It's a challenge to determine just what we mean when we speak of forgiveness. Any discussion will reveal that our shared understanding and practices of forgiveness quickly diverge. For example, is it the same thing to forgive a child, a criminal, a malicious acquaintance, or someone who's inadvertently done us harm? Likely no. We'll discover in this book that how we understand and practice forgiveness has shifted and changed through history, formed by cultural context. Even biblically, our understanding of forgiveness has altered over time. We'll unpack the importance of this cultural history and then turn to the three strands of forgiveness that together form our modern practice of forgiveness: First, the personal and therapeutic forgiveness; Second, the communal forgiveness that's valued for its power to resolve conflict, renew relationships, and restore peace; Finally, the divine God's absolute unconditional forgiveness. A forgiveness we'll discover that undergirds every other way we understand forgiveness.

The Freedom In Forgiveness

Learn forgiveness from past experiences in your life. How absolute forgiveness can change your mind, body, relationships, personal and professional life. And much more. The Philosophy of

Forgiveness: Vol III Gregory L. Bock, 2019-03-05 *The Philosophy of Forgiveness Volume III: Forgiveness in World Religions* is a collection of essays that explores the philosophy of forgiveness in different religions, including Judaism, Christianity, Islam, Hinduism, Buddhism, and Confucianism. Each chapter scours one of these religions for insights on the concept of forgiveness, asking questions such as: whether forgiveness is a virtue, whether it is conditional, whether God has standing to forgive, and whether it is permissible not to forgive some extreme wrongs. In some of the chapters, the concept of forgiveness in one religion is compared with that in another. In other chapters, the ideas of different traditions within a religion are compared and contrasted. Also, some chapters compare a religious concept to the views of a philosophical figure, such as Aristotle, Kant, or Derrida. The contributors to the volume come from various cultural and religious backgrounds and from different disciplines, such as philosophy, religious studies, and psychology. The collection is written for scholars, graduate students, and upper-division undergraduate students interested in forgiveness or comparative religious philosophy.

Unconditional Equality Ajay Skaria, 2016-02-08 Unconditional Equality examines Mahatma Gandhi's critique of liberal ideas of freedom and equality and his own practice of a freedom and equality organized around religion It reconceives satyagraha passive resistance as a politics that strives for the absolute equality of all beings Liberal traditions usually affirm an abstract equality centered on some form of autonomy the Kantian term for the everyday sovereignty that rational beings exercise by granting themselves universal law But for Gandhi such equality is an equality of sword profoundly violent not only because it excludes those presumed to lack reason such as animals or the colonized but also because those included lose the power to love which requires the surrender of autonomy or more broadly sovereignty Gandhi professes instead a politics organized around dharma or religion For him there can be no politics without religion This religion involves self surrender a freely offered surrender of autonomy and everyday sovereignty For Gandhi the religion that stays in all religions is satyagraha the insistence on or of satya being or truth Ajay Skaria argues that conceptually satyagraha insists on equality without exception of all humans animals and things This cannot be understood in terms of sovereignty it must be an equality of the minor
