Academic Excellence Days Eric Nwachukwu:

Academic Excellence in 21 Days Eric Nwachukwu, 2015-12-21 This book is for students who want to excel academically. The guideposts and principles contained in this book will show you why and how you will become a high flying student. I managed the local library of Our Lady of Fatima Cathedral Catholic Church Kano for over four years as an unqualified librarian and I see different students preparing for different exams in a mediocre way. What is most shocking here is that most of these students are mediocre students due to the fact that they lack the right approach to learning, studying and preparations required for academic excellence rather than the mere exertion of studies. The principles in this book are no respecter of persons age, gender, race, background or your location. The results are the same to whoever would apply them. It contains the distilled essence of all that you need to know and do in your academic journey to excellence. This 21 Days course has SIX stages. Each Days message material is divided into different sub sections dealing with one central topic literally and in a juxtapositions context. Consequently the reader is allowed to exercise his/her power of association and observation of ideas presented in connection to the other sub sections and signposts illustrated in the book with the application exercises.

Value-Based Health Care in Orthopaedics Eric C. Makhni, Benedict U. Nwachukwu, Kevin J. Bozic, 2023-12-20 Providing an expert overview of the current structure of health care and how it affects today's orthopaedic surgeons, Value Based Health Care in Orthopaedics addresses the healthcare system's transition from a fee for service model to value based health care. This transition aligns the incentives of all stakeholders including payers, purchasers, clinicians and most importantly patients by prioritizing health over care and facilitating competition based on health outcomes and cost. Developed in partnership with the American Academy of Orthopaedic Surgeons (AAOS) and edited by Eric C. Makhni MD MBA, FAAOS, Benedict Nwachukwu MD MBA and Kevin J. Bozic MD MBA, FAAOS, this unique authoritative text covers essential information not often covered in medical school or orthopaedic residency training, offering a comprehensive discussion of the principles of value based health care as applied to orthopaedics.
