Akinpelu,2020-05-28 The battle of this generation is intense and Satan has vowed to unleash terror on God's children Among other spirits which Satan has deployed to cripple believers is the spirit of infirmity The spirit of infirmity was of major concern to the Lord Jesus Christ even when he was physically on earth This is the reason why deliverance and healing were prominent in his earthly ministry To open a door the right key is required This book in your hand is a kingdom key that will open the door to deep revelations about deliverance from spirits of infirmities Among other spiritual insights revealed in this book you stand to learn the following The reason why every believer needs the bread of deliverance The gateways deployed by the spirits of infirmities to attacking believers What gives the spirits of infirmities the power to resist medications and therapy Spiritual havoc which the spirits of infirmities cause immediately after entering the body of their victims and how to combat them How to deal with the spirits of infirmities headlong How to keep off the spirits of infirmities after receiving deliverance This book also contains diverse testimonies of people put together to establish the faith of God's children **Accessing Platforms for Higher Productivity** Ifeoma Eze,Okwudili Eze,2018-04-10 God has planned for you to fulfill important purposes during your lifetime and you don't know how long you have to do so Each new day is a valuable opportunity from God to do more of the work he has uniquely called

you to do in his kingdom Too many people waste precious time and energy on pursuits that don't reflect God's values and don't really matter from an eternal perspective

Divine Callings Richard N. Pitt, 2012-02 One of the unique aspects of the religious profession is the high percentage of those who claim to be called by God to do their work This call is particularly important within African American Christian traditions *Divine Callings* offers a rare sociological examination of this markedly understudied phenomenon within black ministry Richard N Pitt draws on over 100 in depth interviews with Black Pentecostal ministers in the Church of God in Christ both those ordained and licensed and those aspiring to examine how these men and women experience and pursue the call Viewing divine calling as much as a social process as it is a spiritual one Pitt delves into the personal stories of these individuals to explore their work as active agents in the process of fulfilling their calling In some cases those called cannot find pastoral work due to gender discrimination lack of clergy positions and educational deficiencies Pitt looks specifically at how those who have not obtained clergy positions understand their call exploring the influences of psychological experience the congregational acceptance of their call and their response to the training process He emphasizes how those called reconceptualize clericalism in terms of who can be called how that call has to be certified and what those called are meant to do offering insight into how social actors adjust to structural constraints
