Aviation Maintenance Technician Handbook- Airframe, Volume 2: FAA-H-8083-31A Federal Aviation Administration, 2019-10-28 MOST UP TO DATE VERSION THE RED COVER IS THE OLD VERSION The Aviation Maintenance Technician Handbook Airframe FAA H 8083

31A is one of a series of three handbooks for persons preparing for certification as an airframe or powerplant mechanic. It is intended that this handbook provide the basic information on principles, fundamentals, and technical procedures in the subject matter areas relating to the airframe rating. It is designed to aid students enrolled in a formal course of instruction as well as the individual who is studying on his or her own. Since the knowledge requirements for the airframe and powerplant ratings closely parallel each other in some subject areas, the chapters which discuss fire protection systems and electrical systems contain some material which is also duplicated in the Aviation Maintenance Technician Handbook Powerplant, FAA H 8083-32A. This volume contains information on airframe construction, features, assembly, and rigging; fabric covering; structural repairs; and aircraft welding. The handbook also contains an explanation of the units that make up the various airframe systems. Because there are so many different types of aircraft in use today, it is reasonable to expect that differences exist in airframe components and systems. To avoid undue repetition, the practice of using representative systems and units is carried out throughout the handbook. Subject matter treatment is from a generalized point of view and should be supplemented by reference to manufacturer's manuals or other textbooks if more detail is desired. This handbook is not intended to replace, substitute for, or supersede official regulations or the manufacturer's instructions. Occasionally the word "must" or similar language is used where the desired action is deemed critical. The use of such language is not intended to add to, interpret, or relieve a duty imposed by Title 14 of the Code of Federal Regulations. 14 CFR, Size 8 5/8 x 11 inches, Black and white print.
