Ayn Rand Guide Answers:

Ayn Rand Answers: The Best of Her Q & A Robert Mayhew, 2005-11-01 After the publication of *Atlas Shrugged* in 1957 Ayn Rand occasionally lectured in order to bring her philosophy of Objectivism to a wider audience and apply it to current cultural and political issues. These taped lectures and the question and answer sessions that followed not only added an eloquent new dimension to Ayn Rand's ideas and beliefs but a fresh and spontaneous insight into Ayn Rand herself. Never before available in print, this publishing event is a collection of those enlightening Q & A's. This is Ayn Rand on ethics, Ernest Hemingway, modern art, Vietnam, Libertarians, Jane Fonda, religious conservatives, Hollywood, Communists, atheism, Don Quixote, abortion, gun control, love and marriage, Ronald Reagan, pollution, the Middle East, racism, and feminism, crime and punishment, capitalism, prostitution, homosexuality, reason and rationality, literature, drug use, freedom of the press, Richard Nixon, New Left militants, HUAC, chess, comedy, suicide, masculinity, Mark Twain, improper questions, and more. **Answer to Ayn Rand** John William Robbins, 1974 In *Who Is Ayn Rand* Nathaniel Branden boasted, "No one has dared publicly to name the essential ideas of *Atlas Shrugged* and to attempt to refute them." With the publication of this book, that statement no longer stands. *A Companion to Ayn Rand* Allan Gotthelf, Gregory Salmieri, 2021-11-08 The first volume to offer a comprehensive scholarly treatment of Rand's entire corpus, including her novels, her philosophical essays, and her analysis of the events of her times, this Companion provides vital orientation and context for scholars and educated readers grappling with a controversial and understudied thinker whose enduring influence on American and world culture is increasingly recognized. The first publication to provide an in-depth scholarly treatment ranging over the whole of Rand's corpus, it provides informed contextual analysis for scholars in a variety of disciplines. Presents original research on unpublished material and drafts from the Rand archives in California. Features insightful and fair-minded interpretations of Rand's controversial positions.

Essays on Ayn Rand's "We the Living" Robert Mayhew, 2012-02-16 Ayn Rand remains a truly significant figure of modern philosophy. Her unique vision of a world in which man, relying on reason, acts wholly for his own good is skillfully developed and illustrated in her most famous novels, *Atlas Shrugged* and *The Fountainhead*. But Rand's first novel, *We the Living*, a lesser-known but no less important book, offers an early form of the author's nascent philosophy, the philosophy Rand later called Objectivism. In the second edition, Robert Mayhew once again brings together pre-eminent scholars of Rand's writing. The edition includes three new chapters as well as an epilogue by renowned Rand scholar Leonard Peikoff. In part a history of *We the Living* from its earliest drafts to the Italian film later based upon it, Mayhew's collection goes on to explore the enduring significance of Rand's first novel as a work both of philosophy and of literature. For Ayn Rand scholars and fans alike, this enhanced second edition is a compelling examination of a novel that set the tone for some of the most influential philosophical literature to follow. **Essays on Ayn Rand's Anthem** Robert Mayhew, 2005-05-20 In this first book-length study of Ayn Rand's anti-utopia *Anthem*, essays explore the historical, literary, and philosophical themes presiding in this

novella written in opposition to the totalitarianism of the Soviet Union and Nazi Germany Written in 1937 published in 1938 in Britain and subsequently in a revised form in the United States in 1946 Anthem investigates the importance of the ego and freedom and the individual against the state Editor Robert Mayhew has collected a variety of essays dealing with such topics including the history behind the novella s creation publication and reception its connection to other anti utopian novels and the significance of ego and freedom which it portrays and defends This book is important to philosophers as well as readers looking to gain a better understanding of Ayn Rand and Anthem

Questioning Ayn Rand Neil Cocks, 2020-09-15 Questioning Ayn Rand Subjectivity Political Economy and the Arts offers a sustained academic critique of Ayn Rand's works and her wider Objectivist philosophy While Rand's texts are often dismissed out of hand by those hostile to the ideology promoted within them these essays argue instead that they need to be taken seriously and analysed in detail Rand's influential worldview does not tolerate uncertainty relying as it does upon a notion of truth untroubled by doubt In contrast the contributors to this volume argue that any progressive response to Rand should resist the dubious comforts of a position of ethical or aesthetic purity even as they challenge the reductive individualistic ideology promoted within her writing Drawing on a range of sources and approaches from Psychoanalysis to The Gold Standard and from Hannah Arendt to Spiderman these essays consider Rand's works in the context of wider political economic and philosophical debates
