international coverage of the functions and effects of science and technology in society and culture Science Technology and Society B contains over 130 A to Z signed articles written by major scholars and experts from academic and scientific institutions and institutes worldwide Each article is accompanied by a selected bibliography Other features include extensive cross referencing throughout a directory of contributors and an extensive topical index **Ancient Water Technologies** L. Mays, 2010-05-19 There is no more fundamental resource than water The basis of all life water is fast becoming a key issue in today s world as well as a source of conflict This fascinating book which sets out many of the ingenious methods by which ancient societies gathered transported and stored water is a timely publication as overextraction and profligacy threaten the existence of aquifers and watercourses that have supplied our needs for millennia It provides an overview of the water technologies developed by a number of ancient civilizations from those of Mesopotamia and the Indus valley to later societies such as the Mycenaeans Minoans Persians and the ancient Egyptians Of course no book on ancient water technologies would be complete without discussing the engineering feats of the Romans and Greeks yet as well as covering these key civilizations it also examines how ancient American societies from the Hohokams to the Mayans and Incas husbanded their water supplies This unusually wide ranging text could offer today s parched world some solutions to the impending crisis in our water supply This book provides valuable insights into the water technologies developed in ancient civilizations which are the underpinning of modern achievements in water engineering and management practices It is the best proof that the past is the key for the future Andreas N Angelakis Hellenic Water Supply and Sewerage Systems Association Greece This book makes a fundamental contribution to what will become the most important challenge of our civilization facing the global crisis the problem of water Ancient Water Technologies provides a complete panorama of how ancient societies confronted themselves with the management of water The role of this volume is to provide for the first time on this issue an extensive historical and scientific reconstruction and an indication of how traditional knowledgemay be employed to ensure a sustainable future for all Pietro Laureano UNESCO expert for ecosystems at risk Director of IPOGEA Institute of Traditional Knowledge Italy *The Deliberate Design of Destiny* Theodore A. Green, 2009-05-06 Ps 71 1 In thee O LORD do I put my trust let me never be put to confusion The Deliberate Design of Destiny incorporates the great and courageous recent works of intelligent design scientists into a workable theory This book answer the Who What When Where Why and How of creation from the Intelligent Design perspective Understand the mystery kept secret since the world began Rom 16 25 The world blunders in confusion because largely the academic and industrial science institutions confuse the origins of human destiny and purpose Their aversion to faith and their exclusion of God confuses their efforts to understand this Mystery keep secret since the world began The Deliberate Design of Destiny explores the reason people society and nations do not comprehend creation s design and purpose and become doomed to confusion and chaos It explains how this ignorance allows the enemy of God to manipulate the world of men unto a destiny of destruction *Unthinking Eurocentrism* Ella Shohat, Robert

Stam, 2014-06-05 *Unthinking Eurocentrism* a seminal and award winning work in postcolonial studies first published in 1994 explored Eurocentrism as an interlocking network of buried premises embedded narratives and submerged tropes that constituted a broadly shared epistemology Within a transdisciplinary study the authors argued that the debates about Eurocentrism and post coloniality must be considered within a broad historical sweep that goes at least as far back as the various 1492s the Inquisition the Expulsion of Jews and Muslims the Conquest of the Americas and the Transatlantic slave trade a process which culminates in the post War attempts to radically decolonize global culture Ranging over multiple geographies the book deprovincialized media cultural studies through a polycentric approach while analysing in depth such issues as postcolonial hybridity antinomies of Enlightenment the tropes of empire gender and rescue fantasies the racial politics of casting and the limitations of positive image analysis The substantial new afterword in this 20th anniversary new edition brings these issues into the present by charting recent transformations of the intellectual debates as terms such as the transnational the commons indigeneity and the Red Atlantic have come to the fore The afterword also explores some cinematic trends such as indigenous media and postcolonial adaptations that have gained strength over the past two decades along with others such as Nollywood that have emerged with startling force Winner of the Katherine Kovacs Singer Best Film Book Award the book has been translated in full or in its entirety into diverse languages from Spanish to Farsi This expanded edition of a ground breaking text proposes analytical grids relevant to a wide variety of fields including postcolonial studies literary studies anthropology media studies cultural studies and critical race studies
