LEADING? Ray Martinez,2023-06-30 Leadership is a multifaceted concept that demands a wide range of skills and qualities for true effectiveness Essential components of leadership include independent and critical thinking problem solving abilities and taking responsibility for one s actions However these skills alone don t guarantee great leadership This book offers a comprehensive guide to leadership techniques covering essential qualities and skills in a simple easy to read format It s a must read for anyone looking to improve their leadership abilities and become more effective As you read you ll realize that many of these concepts are familiar but we often need a reminder to put them into action *Power of Peers* Leon

Shapiro,Leo Bottary,2016-10-14 Birds of a feather flock together We re all in the same boat Great minds think alike While just figures of speech to some they reflect a simple truth it s the company we keep that often determines the level of personal growth and professional success we achieve in life Business leaders exchange information and ideas They network to make deals and build partnerships They work together to optimize best practices and they reach out to leaders outside their companies to accelerate growth Simply put CEOs and business leaders provide value to one another that they can t find anywhere else In *The Power of Peers* authors Leon Shapiro and Leo Bottary introduce peer advantage a concept that transcends peer influence This is what CEOs and business leaders experience when they are more selective strategic and structured in the way they engage their peers Peer advantage gives CEOs the insights to compete and the courage to act *The Power of Peers* features stories of business leaders from a range of industries to illustrate the five essential factors for peer advantage how it impacts personal growth and why it has proven so effective in helping leaders identify future opportunities and challenges It s what top growth oriented executives have relied upon for decades to be successful in business and in life

Handbook of Research on K-12 Blended and Virtual Learning Through the i²Flex Classroom Model Avgerinou, Maria D.,Pelonis, Peggy,2021-03-05 Teaching models that focus on blended and virtual learning have become important during the past year and have become integral for the continuance of learning The i Flex classroom model a variation of blended learning allows non interactive teaching activities to take place without teachers direct involvement freeing up time for more meaningful teacher student and student student interactions There is evidence that i Flex leads to increased student engagement and motivation as well as better exploitation of teachers and classroom time leading to the development of higher order cognitive skills as well as study skills for students future needs related to citizenship college and careers The *Handbook of Research on K 12 Blended and Virtual Learning Through the i Flex Classroom Model* focuses not only on how to design deliver and evaluate courses but also on how to assess teacher performance in a blended i²Flex way at the K12 level

The book will discuss the implementation of the iFlex isquareFlex a non traditional learning methodology which integrates internet based delivery of content and instruction with faculty guided student independent learning in combination with face to face classroom instruction aiming at developing higher order cognitive skills within a flexible learning design framework While highlighting new methods for improving the classroom and learning experience in addition to preparing students for higher education and careers this publication is an essential reference source for pre service and in service teachers researchers administrators educational technology developers and students interested in how the i2Flex model was implemented in classrooms and the effects of this learning model

The Fear-free Organization Paul Brown,Joan Kingsley,Sue Paterson,2015-07-03 Evidence from neuroscience shows that individuals and organizations are more successful when people are encouraged to take risks explore new ideas and channel their energies in ways that work for them And yet many organizations are filled with bullies vicious gossip undermining behaviours hijacking tactics political jockeying for position favouritism and other factors that instil fear and impede productivity It is no wonder that organizations are actively looking at how they can improve and maintain the psychological health and wellbeing of their employees to the benefit of all concerned The Fear free Organization reveals how our new understanding of the neurobiology of the self how the brain constructs the person can transform for the better the way our businesses and organizations work Academic yet accessible The Fear free Organization addresses head on the issue that scared people spend a lot more time plotting their survival than working productively The book helps leaders understand the neurobiology of fear face the damage it is doing and replace it with building relationships managing energy flow and fostering trust It guides you in making your workplace one that s full of energy not adrenalin focused on possibility not profit and generates independent thinking not obedience so you can promote the psychological wellbeing that is strongly correlated with greater energy motivation and better cognitive function
