Albanian National Awakening Princeton Library:

The Albanian National Awakening Stavro Skendi, 2015-12-08 Professor Skendi a native of Albania traces the progress and setbacks of Albania's long struggle for national unity during this least known period of its intricate history. He discusses the heritage of its people and examines in detail the developments that led to Albanian independence, national resistance to the decisions of the Congress of Berlin, later opposition to Turkey and the struggle between the Albanians and the Young Turks. Consideration is given to such internal problems as geographic configuration, religious and political division and to such external problems as Italo-Austrian rivalry, political interference from neighboring states and the involvement of great powers. Originally published in 1967, The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905. **Catalogue of the Foreign Office Library,**

Library, 1972 Britain, the Albanian National Question and the Fall of the Ottoman Empire, 1876-1914 Daut Dauti, 2023-09-21 All too often Albania has been considered a relatively minor player in late 19th and early 20th century history. By contrast, this book highlights the significance of this nation and the Albanian question at this time through a detailed analysis of the relationship between Albania, Britain and the Ottoman Empire from 1876 to 1914. Making use of a wide range of archival source materials, some of which are published here in English for the first time, this book explores British foreign policy towards the development of the Albanian national movement and the parallel demise of the Ottoman Empire. In doing so, it illuminates the objectives of the British government as well as shining a spotlight on the public opinion of both the British people towards Albanian nationalism and on the reaction of the Albanians towards the British diplomatic position. By looking through such a unique lens, here Daut Dauti is able to provide fresh insight into why the Albanians were not supported by the Great Powers in their national quest in the way that other Balkan countries were and draws significant new conclusions on British Balkan and Ottoman relations. As such, this nuanced study is vital reading for all scholars interested in modern Albanian history, the turn of the century British international relations and the fall of the Ottoman Empire more broadly. The book examines extreme forms of self-imposed domestic and international isolation in an interdependent international system, noting the effects on both the immediate interests of a ruling regime and the long-term national interests of the state and the populace. Destani, 2018-01-30 The question of Kosovan sovereignty and independence has a history which stretches far back beyond the outbreak of war in 1998 This volume is a compilation of key documents on Kosovo from the first half of the twentieth century These texts including numerous diplomatic despatches from the British Foreign Office deal initially with the Albanian uprising against Ottoman rule in the spring of 1912 and in particular with the period of the Serbian invasion of Kosovo in late 1912 and the repercussions of the conquest for the Albanian population The documents from 1918 to the early 1920s focus mainly on endeavours by Albanian leaders including those of the so called Kosovo Committee in exile to bring the plight of their people to the attention of the outside world endeavours which largely failed Further documents reflect the situation in Kosovo up to the outbreak of World War II This collection provides new perspectives on the Kosovo question and includes many documents which have been largely unavailable up to now It sheds new light on many of the major and minor episodes that channelled and determined subsequent events including the Kosovo War of 1998 1999 and the declaration of independence in February 2008 **The Politics of Nation-Building** Harris Mylonas, 2013-02-18 What drives a state's choice to assimilate accommodate or exclude ethnic groups within its territory In this innovative work on the international politics of nation building Harris Mylonas argues that a state's nation building policies toward non core groups individuals perceived as an ethnic group by the ruling elite of a state are influenced by both its foreign policy goals and its relations with the external patrons of these groups Through a detailed study of the Balkans Mylonas shows that how a state treats a non core group within its own borders is determined largely by whether the state's foreign policy is revisionist or cleaves to the international status quo and whether it is allied or in rivalry with that group's external patrons Mylonas injects international politics into
