**Youth, Security and Community Development in Nigerian Conflict and Post-Conflict Eras** Abimbola

Adesoji,2025-02-12 The book explores the relevance of youths in the context of their contributions and the challenges they pose to the security and development of Ile Ife and Modakeke communities It assesses the impact of the renewed communal clashes on the youth and the security and development of their communities in the conflict and post conflict eras The book contributes to the understanding of how intercommunal conflicts in Ile Ife and Modakeke turned youths into both security assets and liabilities It provides a critical link in scholarship on the youth as a phenomenon in different cultures and contexts It shows that a clearer understanding of militarised youths in search of identity and given limited opportunities has the capability of providing a sound basis for policy formulation that could provide a logical solution to security related problems not only in the study area but in the whole of Nigeria and even elsewhere in the world **List of Shareholders for**
