Journal of Camus Studies 2013 Camus Society, 2014-08-14 The Journal of Camus Studies is published annually and is available in print and ebook formats 2013 Contributors KIMBERLY BALTZER JARAY ERIC B BERG KURT BLANKSCHAEN PETER FRANCEV GIOVANNI GAETANI GEORGE HEFFERNAN SIMON LEA BENEDICT O DONOHOE RON SRIGLEY and SYLVIA CROWHURST

Albert Camus's The Stranger Peter Francev, 2014-06-26 Often marginalised on the sidelines of both philosophy and literature the works of Albert Camus have in recent years undergone a renaissance While most readers in either discipline claim Camus and his works to be theirs the scholars presented in this volume tend to see him and his works in both philosophy and literature This volume is a collection of critical essays by an international menagerie of Camus experts who despite their interpretive differences see Camus through both lenses For them he is a novelist essayist who embodies a philosophy that was never fully developed due to his brief life The essays here examine Camus's first published novel The Stranger from a variety of critical and theoretical perspectives each drawing on the author's knowledge to present the first known critical examination in English As such this volume will shed new light on previous scholarship

The Violence of Modernity Debarati Sanyal, 2020-03-03 The Violence of Modernity turns to Charles Baudelaire one of the most canonical figures of literary modernism in order to reclaim an aesthetic legacy for ethical inquiry and historical critique Works of modern literature are commonly theorized as symptomatic responses to the trauma of history In a climate that tends to privilege crisis over critique Debarati Sanyal argues that it is urgent to rethink literary experience in terms that recall its contestatory potential Examining Baudelaire's poems afresh she shifts the focus of critical attention toward an account of modernism as an active engagement with violence specifically the violence of history in nineteenth century France Sanyal analyzes a literary current that uses the traditional hallmarks of modernism irony intertextuality self reflexivity and formalism to challenge the historical violence of modernity Baudelaire and the committed ironists writing in his wake teach us how to read and resist the violence of history and thereby to challenge the melancholy tenor of our contemporary wound culture In a series of provocative readings Sanyal presents Baudelaire's poetry as an aesthetic form that contests historical violence through rhetorical strategies of complicity counterviolence and critique The book develops a new account of Baudelaire's significance as a

modernist by dislodging him both from his traditional status as a practitioner of art for art's sake and from his more recent incarnation as the poet of trauma. Following her extended analysis of Baudelaire's poetry, Sanyal in later chapters considers a number of authors influenced by his strategies, including Rachilde, Virginie Despenes, Albert Camus, and Jean-Paul Sartre, to examine the relevance of their interventions for our current climate of trauma and terror. The result is a study that underscores how Baudelaire's legacy continues to energize literary engagements with the violence of modernity.

The Intellectual Origins of Modernity David Ohana, 2019-03-21. *The Intellectual Origins of Modernity* explores the long and winding road of modernity from Rousseau to Foucault and its roots, which are not to be found in a desire for enlightenment or in the idea of progress, but in the Promethean passion of Western humankind. Modernity is the Promethean passion, the passion of humans to be their own master, to use their insight to make a world different from the one that they found and to liberate themselves from their immemorial chains. This passion created the political ideologies of the nineteenth century and made its imprint on the totalitarian regimes that arose in their wake in the twentieth. Underlying the Promethean passion, there was modernity, humankind's project of self-creation and enlightenment, the existence of a constant tension between the actual and the desirable, between reality and the ideal. Beneath the weariness, the exhaustion, and the skepticism of post-modernist criticism is a refusal to take Promethean horizons into account. This book attests the importance of reason, which remains a powerful critical weapon of humankind against the idols that have come out of modernity: totalitarianism, fundamentalism, the golem of technology, genetic engineering, and a boundless will to power. Without it, the new Prometheus is liable to return the fire to the gods.

Brill's Companion to the Reception of Classics in International Modernism and the Avant-Garde, 2016-12-08. *Brill's Companion to the Reception of Classics in International Modernism and the Avant-Garde* examines how the writers and artists who lived from roughly the last quarter of the nineteenth century to the middle of the twentieth sought to build a new world from the ashes of one marked by two world wars, global economic depression, the rise of nationalism, and the collapse of empires. By surveying the modernist appropriation of Ancient Greece and Rome, the fourteen chapters in this volume demonstrate how the Classics as foundational texts of the old order were nevertheless adapted to suit the stylistic innovation and formal experimentation that characterized modernist and avant-garde literature and art.

The Philosophy of Camus Anthony Rudd, 2024-11-11. Although Albert Camus is recognised as an important novelist and political commentator, he is often still underrated as a philosopher. *Camus Philosophy*, focussing on Camus' explicitly philosophical writings, provides a detailed examination of his intellectual development and argues that his work constitutes a coherent, carefully argued meditation on central philosophical themes. A systematic comparison of Camus with Søren Kierkegaard provides an interpretive lens through which Camus' central philosophical concerns are brought into focus. Camus' three thematic cycles dealing with Absurdity, Revolt, and Love/Nemesis are compared and contrasted with Kierkegaard's three stages of life: the aesthetic, ethical, and religious. Anthony Rudd argues that the Absurd in Camus refers primarily to an

experience of the world as lacking Meaning in a broadly religious sense which Camus sees as entailing a radical amorality. Rudd compares this outlook to Kierkegaard's aestheticism before considering the reasons for Camus' eventual rejection of Absurdist amorality for the ethical philosophy which Camus develops in *The Rebel*. Camus' Philosophy raises questions in a Kierkegaardian spirit about whether Camus' ethics can be viable without a fuller metaphysical background than he articulates in *The Rebel*. Rudd concludes by considering the continuing tension between Camus' affirmation of a Meaningful order in nature and his sensitivity to suffering and evil looking at his account of tragedy and the apparent pessimism of his last published novel *The Fall*.

Brill's Companion to Camus, 2020-01-13 This book is the first English language collection of essays by leading Camus scholars from around the world to focus on Albert Camus' place and status as a philosopher amongst philosophers. After a thematic introduction, the dedicated chapters of Part 1 address Camus' relations with leading philosophers from the ancient Greeks to Jean Paul Sartre, Augustine, Hume, Kant, Diderot, Nietzsche, Kierkegaard, Husserl, Hegel, Marx, Sartre. Part 2 contains pieces considering philosophical themes in Camus' works from the absurd in *The Myth of Sisyphus* to love in *The First Man*, the absurd, psychoanalysis, justice, Algeria, solidarity and solitude, revolution and revolt, art, asceticism, love.

Tragedy and the Modernist Novel, Manya Lempert, 2020-09-10 This book brings together the study of modern fiction, tragedy, chance and the natural world. It will appeal to graduate students and researchers interested in British and European modernism, philosophy, science and literature and classical reception studies. It will also interest scholars studying the novel or tragedy more generally.
