Catalogue of the Library of the Graduate School of Design, Harvard University Harvard University. Graduate School of Design. Library,1968 **Apartment Houses** National Housing Center (U.S.). Library,1971 **Town Houses** Ann Rooney Heuer,2000 From traditional Federal style living room to elegant Victorian libraries and from airy minimalist kitchens to cheerful country style bedrooms and baths Town Houses provides a delightfully informative look at town house design and decor Catalog of the Avery Memorial Architectural Library of Columbia University Avery Library,1968 **An Ideal Collaboration** Phillip James Dodd,2015-08-31 IN THE FOLLOW UP to the critically acclaimed The Art of Classical Details Phillip James Dodd continues his look at some of the finest examples of contemporary classical architecture in Great Britain and the United States while also examining how collaboration is the key to their successful design In reality collaborative relationships are rare especially among designers where each is often focused on their own individual objectives and unable to transcend their own egos Often used as a catch phrase but not often realized true collaboration requires an understanding and an appreciation of the role that all parties play in the design and construction of a home An Ideal Collaboration includes the work of some of the most notable names in contemporary residential design Architects decorators landscape designers consultants builders craftsmen artists and vendors all address the design process and the pivotal role that collaboration plays in creating cohesive timeless designs **The American Architect** ,1929 *The Routledge Companion to Women in Architecture* Anna Sokolina,2021-06-28 The Routledge Companion to Women in Architecture illuminates the names of pioneering women who over time continue to foster shape and build cultural spiritual and physical environments in diverse regions around the globe It uncovers the remarkable evolution of women s leadership professional perspectives craftsmanship and scholarship in architecture from the preindustrial age to the present The book is organized chronologically in five parts outlining the stages of women s expanding engagement leadership and contributions to architecture through the centuries It contains twenty nine chapters written by thirty three recognized scholars committed to probing broader topographies across time and place and presenting portraits of practicing architects leaders teachers writers critics and other kinds of professionals in the built environment The intertwined research sets out debates questions and projects around women in architecture stimulates broader studies and discussions in emerging areas and becomes a catalyst for academic programs and future publications on the subject The novelty of this volume is in presenting not only a collection of case studies but in broadening the discipline by advancing an incisive overview of the topic as a whole It is an invaluable resource for architectural historians academics students and professionals The New American Town House Alexander Gorlin,1999 Explores the designs of twenty six recently built town homes by such architects as Tod Williams Dan Solomon Mark Mack and Dirk Lohan Encyclopedia of Twentieth Century Architecture R. Stephen Sennott,2004 A balance of sophistication and clarity in the writing authoritative entries and strong cross referencing that links architects and

structures to entries on the history and theory of the profession make this an especially useful source on a century of the world's most notable architecture. The contents feature major architects, firms, and professional issues, buildings, styles, and sites, the architecture of cities and countries, critics and historians, construction materials, and planning topics, schools, movements, and stylistic and theoretical terms. Entries include well-selected bibliographies and illustrations. Reference that rocks American Libraries May 2005

Passive House in Different Climates Mary James, James Bill, 2016-04-20 Passive House in Different Climates introduces the seven Passive House principles to help you create super-insulated airtight buildings that require minimal energy use to heat, cool, dehumidify, and ventilate with superior indoor air quality and year-round comfort. Seventeen case studies in four climate zones: marine, cold, and very cold, mixed dry and hot dry, and mixed humid and hot humid, and in ten countries show you how to achieve net zero energy regardless of where you're building or what type of building is required. Includes more than 150 color illustrations.
