At Earth's Core Pellucidar:

Pellucidar: at the Earth's Core Edgar Rice Burroughs, 2016-06-30 The great prospecting machine roared to life and immediately began an uncontrolled irreversible unstoppable dive toward the earth's core There seemed to be nothing the two pilots could do to save themselves from certain death

At the Earth's Core Edgar Rice Burroughs, 2013-04-23 When Abner Perry invents a vehicle that essentially drills through the earth he takes it to his good friend and independently wealthy man about town David Ennis And what else can they do Drill down into the earth of course What they find there isn't what we'd expect it's an inner world called Pellucidar a place where the sun neither sets nor rises because what appears to be the sun is no sun at all but the molten core of the earth Pellucidar is a great fun fantasy world full of dragons apes and reptiles and Weird Things It's ruled by sorcerous royalty the princess falls in love with Our Hero of course and of course our heroes end up hip deep in dragons

At the Earth's Core Edgar Rice Burroughs, 1963

At the Earth's Core Edgar Rice Burroughs, 2013-10-01 This is the first in the Pellucidar series stories set in the Hollow Earth David Innes a mining heir builds an iron mole that bores to the center of the Earth to discover a world populated by prehistoric creatures

[At the Earth's Core \(Large Print\)](#) Edgar Rice Burroughs, 2014-04-28 In the first place please bear in mind that I do not expect you to believe this story Nor could you wonder had you witnessed a recent experience of mine when in the armor of blissful and stupendous ignorance I gaily narrated the gist of it to a Fellow of the Royal Geological Society on the occasion of my last trip to London You would surely have thought that I had been detected in no less a heinous crime than the purloining of the Crown Jewels from the Tower or putting poison in the coffee of His Majesty the King The erudite gentleman in whom I confided congealed before I was half through it is all that saved him from exploding and my dreams of an Honorary Fellowship gold medals and a niche in the Hall of Fame faded into the thin cold air of his arctic atmosphere But I believe the story and so would you and so would the learned Fellow of the Royal Geological Society had you and he heard it from the lips of the man who told it to me Had you seen as I did the fire of truth in those gray eyes had you felt the ring of sincerity in that quiet voice had you realized the pathos of it all you too would believe You would not have needed the final ocular proof that I had the weird rhamphorhynchus like creature which he had brought back with him from the inner world I came upon him quite suddenly and no less unexpectedly upon the rim of the great Sahara Desert He was standing before a goat skin tent amidst a clump of date palms within a tiny oasis Close by was an Arab douar of some eight or ten tents I had come down from the north to hunt lion My party consisted of a dozen children of the desert I was the only white man As we approached the little clump of verdure I saw the man come from his tent and with hand shaded eyes peer intently at us At sight of me he advanced rapidly to meet us A white man he cried May the good Lord be praised I have been watching you for hours hoping against hope that THIS time there would be a white man Tell me the date What year is it And when I had told him he staggered as though he had been struck full in the face so that he was compelled to grasp my stirrup leather for support It

cannot be he cried after a moment It cannot be Tell me that you are mistaken or that you are but joking I am telling you the truth my friend I replied Why should I deceive a stranger or attempt to in so simple a matter as the date For some time he stood in silence with bowed head Ten years he murmured at last Ten years and I thought that at the most it could be scarce more than one That night he told me his story the story that I give you here as nearly in his own words as I can recall them
