K?wika Tengan, 2016-04-13 Mana a term denoting spiritual power is found in many Pacific Islands languages In recent decades the term has been taken up in New Age movements and online fantasy gaming In this book 16 contributors examine mana through ethnographic linguistic and historical lenses to understand its transformations in past and present The authors consider a range of contexts including Indigenous sovereignty movements Christian missions and Bible translations the commodification of cultural heritage and the dynamics of diaspora Their investigations move across diverse island groups Papua New Guinea Solomon Islands Vanuatu Fiji Tonga Samoa Hawai i and French Polynesia and into Australia North America and even cyberspace A key insight that the volume develops is that mana can be analysed most productively by paying close attention to its ethical and aesthetic dimensions Since the late nineteenth century mana has been an object of intense scholarly interest Writers in many fields including anthropology linguistics history religion philosophy and missiology have long debated how the term should best be understood The authors in this volume review mana s complex intellectual history but also describe the remarkable transformations going on in the present day as scholars activists church leaders artists and entrepreneurs take up mana in new ways **Real Energy** Phaedra Bonewits, Isaac Bonewits, 2007-02-09 Energy Psi prana mana chi divine power the tao reiki or vibes every system of magic and mysticism calls the energies that power its practices by different names Whether questioning the power of prayer or a healing session with a Reiki master an underlying question exists of whether this energy is all the same or if they exist as distinctly different wavelengths of some universal power When New Agers occultists spiritual healers metaphysicians artists and Neopagans talk about the energies they use what do they actually mean Now for the first time a single book discusses the vocabulary magic metaphysics art and science of energy from a multi model 21st century perspective Lessons included will cover Physical vocabulary of energy Metaphysical vocabulary of energy How the laws of magic affect energy The Importance of Focus Real Energy will then take these lessons to the next level giving you direction on how to understand and begin working with different energies Half of the book is dedicated to showing you how to work with specific energies including the four elements crystals plants animals your own body nature spirits ancestors and deities to accomplish your goals and enhance life experiences Specific energy work practices are also covered including Reiki The Huna System working with Pure ESP and PK Feng Shui and the Tantra System With tips from scientists artists magicians and spiritual teachers Real Energy will give you a solid introduction to

The 1980s saw the peak of a moral panic over fantasy role playing games such as Dungeons and Dragons A coalition of moral entrepreneurs that included representatives from the Christian Right the field of psychology and law enforcement claimed that these games were not only psychologically dangerous but an occult religion masquerading as a game *Dangerous Games* explores both the history and the sociological significance of this panic Fantasy role playing games do share several functions in common with religion However religion as a socially constructed world of shared meaning can also be compared to a fantasy role playing game In fact the claims of the moral entrepreneurs in which they presented themselves as heroes battling a dark conspiracy often resembled the very games of imagination they condemned as evil By attacking the imagination they preserved the taken for granted status of their own socially constructed reality Interpreted in this way the panic over fantasy role playing games yields new insights about how humans play and together construct and maintain meaningful worlds Laycock s clear and accessible writing ensures that *Dangerous Games* will be required reading for those with an interest in religion popular culture and social behavior both in the classroom and beyond **Victorian Prose**
