which they believe to have been Shakespeare's but as students we must have under our eyes the original text which however stubborn it may seem at times may yet open its treasures to our importunity and reveal charms before undreamed of This original text is to be found in the First edition of his Works published in 1623 and usually known as the First Folio which was presumably printed from the words written by Shakespeare's own hand or from Stage copies adapted from his manuscripts About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Othello Unveiled (Classic Reprint) Rental Venkata Subbarau, 2017-10-25 Excerpt from *Othello Unveiled* To have placed myself en rapport as it were with the soul of the divine dramatist and revealed the picture vouchsafed to my perception would have been a far easier and simpler task than the preparation and production of this bulky volume but then the result would have been less satisfactory to the reader without the thoughts of the many men of genius who have made the poet's works their especial study I have found ready access to this previous literature as well as to other extracts and quotations in that valuable storehouse of information The New Variorum *Othello* to the learned editor of which I should in this place record my grateful obligations I should likewise express my sincerest apologies for any apparent disrespectfulness into which in a critical mood I have been betrayed towards the great scholars whose opinions and explanations I have referred to and it is in no vein of mock humility I would add that by their side I ever feel my littleness

Othello William Robertson Turnbull, 2017-11-20 Excerpt from *Othello A Critical Study* The critical opinions which are offered in the following pages are founded on close personal study They have not been lightly taken up nor recklessly propounded out of any desire to make a show of new theories and ingenious criticisms Every judgment and description unless the contrary is expressly stated is based on original reading and thought I have attempted to set forward my own view of the character and import of each figure and event in *Othello* and unless in some very rare case specially indicated I have never delivered a judgment based on second hand information Hence in a few cases it may be discovered that the verdicts pronounced in these pages differ very materially from those commonly held I have honestly
