 Capital Growth If you already know the financial planning basics the fundamentals and the mistakes to avoid but are

 categories Some cover the basics the smart use of credit cards debt management buying a home how mortgages work and
 starting to save early Some deal with managing your own money by trying to turn you into an investment genius leaving you
 under the impression that just by following a few simple formulas or spending a few hours a week you will beat the pros in an
 extremely competitive arena Too few books present a comprehensive approach that takes you beyond the basics and focuses
 on the key decisions that will increase your wealth Sammy Azzouz wrote this book to help bridge that gap to provide an
