Blue Moon Kentucky Elvis:

The Sonic Swagger of Elvis Presley Gary Parker, 2022-05-13 Elvis Presley's clever manipulation of his numerous interests remains one of the music world's great marvels. His synthesis of country, rhythm and blues, and gospel resulted in an inventive mixture of hair-raising rock and roll and balladry. This book focuses on the music of Presley's groundbreaking early years and includes a comprehensive analysis of every Presley recording session from the 1950s. Chapters show how Presley, with one foot in delta mud and the other in a country hoedown, teamed with Scotty Moore and Bill Black to fuse two distinctly American musical forms, country and blues, to form what would come to be known as rockabilly. Also detailed is Presley's influence on music and how his contributions are still celebrated today. *The Blue Moon Boys* Ken Burke, Dan Griffin, 2006-08

Dead Elvis Greil Marcus, 1999 Listening in on public conversation that recreates Elvis after death, Marcus tracks Presley's resurrection. He grafts together snatches of film, music, books, newspapers, photos, posters, and cartoons and amazes us with what America has been saying as it raises its late king and also what this obsession with dead Elvis says about America itself. *Mystery Train, 50th Anniversary Edition* Greil Marcus, 2025-09-16 A 50th anniversary edition of the music classic with fully updated discographies and new introductions from Greil Marcus and Dwight Garner. In this special 50th anniversary edition of the beloved Plume backlist staple first released in 1975, *Mystery Train's* complex analysis of the relationship between rock and roll music and America is given new life with updated discographies and new introductions by Greil Marcus and Dwight Garner. Rather than providing a general overview of influential bands and artists, Marcus's definitive book focuses on just six virtually unknown early rock and rollers: Harmonica Frank, the country blues singer Robert Johnson, and some of the better-known musicians who followed: The Band, Sly Stone, Randy Newman, and Elvis Presley. This is the original book to take these rock legends and place them in the American culture of their time. And now in 2025, *Mystery Train* continues its groundbreaking work for a new generation of readers and music lovers. **Elvis** Rees Quinn, 2015-07-08 Elvis Presley was unique. I don't sound like nobody, he said before he was anybody, and John Lennon, whose Beatles would later create their own mania in the world, would offer the tribute: Before Elvis, there was nothing. Elvis writes New York Times bestselling author Rees Quinn was the world's first superstar, but that couldn't erase the scars of a childhood filled with poverty, humiliation, loneliness, and shame. He tried to buy happiness but failed. With his leather, gold, and ivory jumpsuits, Cadillacs, private planes, and Memphis mansion Graceland, Elvis came to epitomize rock star excess. This book goes beyond the music to explore Elvis's background, family, ambition, and the relationships that made him an icon. It is not just for Elvis fans; it's a fascinating story of a talented man who has touched all of our lives. **Mystery Train** Greil Marcus, 2015-04-28 The perfect gift for music fans and anyone who loves artists like Elvis Presley, Randy Newman, Sly Stone, Robert Johnson, and Harmonica Frank. In 1975, Greil Marcus's *Mystery Train* changed the way readers thought about rock and roll and continues to be sought out today by music fans and anyone interested in pop culture. Looking at recordings by six key

artists Robert Johnson Harmonica Frank Randy Newman the Band Sly Stone and Elvis Presley Marcus offers a complex and unprecedented analysis of the relationship between rock n roll and American culture In this latest edition Marcus provides an extensively updated and rewritten Note and Discographies section exploring the recordings evolution and continuing impact

Counting Down Elvis Mark Duffett,2018-02-23 Over the course of the last six decades Elvis Presley has sold more than a billion records his music has touched nearly every modern listener Despite an avalanche of books on his life there are surprisingly few about his musical creativity In *Counting Down Elvis His 100 Finest Songs* Mark Duffett urges readers to put aside the misleading stereotypes and rumor filled debates about Elvis and listen once again to the legend who emerged from Memphis Elvis had a unique approach to music one that was both powerful and versatile In a career stretching across more than twenty years Presley changed the face of popular music drawing together genres from country and blues to contemporary folk and placing a unique stamp on all of them *Counting Down Elvis His 100 Finest Songs* explores the full range of Presley recordings from his earliest numbers to posthumous hits combing through gold records and unpolished gems to distill the best that Presley has to offer
