Alamo Story From Early History To Current Conflicts:

Alamo Story J. R. Edmondson, 2022-07-15 First published in 2000 J R Edmondson's *The Alamo Story From Early History to Current Conflicts* thoroughly examines the famous Shrine of Texas Liberty from its origin as a Spanish New World mission to its modern status. It has been lauded as the best and most readable of all historical accounts devoted to the legendary mission fortress. The original edition has been celebrated for over twenty years for its comprehensive approach to Alamo scholarship and for presenting the famous battle in the context of both American and Mexican history. This second edition of *The Alamo Story* includes new information about the battle and those involved including expanded stories on the roles of minorities and some illustrations by noted artist Mark Lemon. The book also features a new chapter on Benjamin Rush Milam's assault on San Antonio with only three hundred Texans, the battle that set the stage for the siege of the Alamo less than three months later. And there is an extensive epilogue on the present day conflicts about the physical Alamo compound as historic preservationists clash with political and popular opinions in San Antonio. ***Eyewitness to the Alamo*** Bill Groneman, 2001-06-01 Contains over one hundred descriptions of the Battle of the Alamo by people who were witnesses or who claimed to have witnessed the event. These accounts are the basis for all of the histories, traditions, myths, and legends of this famous battle. Many are conflicting; some are highly suspect as to authenticity, but all are intriguing. ***Turning Points—Actual and Alternate Histories*** Rodney P. Carlisle, J. Geoffrey Golson, 2007-02-12 In this unique reference, leading historians describe not only how the expansion of the American nation in the early 19th century was a turning point in U.S. history that led to the Civil War, but also alternative scenarios: what happened and what almost happened. This volume poses what-if questions about ten crucial tipping points in the history of U.S. expansionism between 1800 and the Civil War. It not only describes what happened in the case of Lewis and Clark, the War of 1812, the Monroe Doctrine, railroads, and telegraphs, the Mexican War, the gold rush, the Compromise of 1850, it also offers alternative scenarios, essays on what could have happened. In this exciting and imaginative approach to history, students not only develop analytical skills by tracing the causes and effects of crucial events; they are empowered by the knowledge that at moments when history hangs in the balance, many paths are possible and that they, as citizens, can tip the scale. ***Forget the Alamo*** Bryan Burrough, Chris Tomlinson, Jason Stanford, 2022-06-07 A New York Times bestseller. Lively and absorbing. *The New York Times Book Review*, *Engrossing*, *Wall Street Journal*, *Entertaining* and well researched. *Houston Chronicle*. Three noted Texan writers combine forces to tell the real story of the Alamo, dispelling the myths, exploring why they had their day for so long, and explaining why the ugly fight about its meaning is now coming to a head. Every nation needs its creation myth, and since Texas was a nation before it was a state, it's no surprise that its myths bite deep. There's no piece of history more important to Texans than the Battle of the Alamo, when Davy Crockett and a band of rebels went down in a blaze of glory fighting for independence from Mexico, losing the battle but setting Texas up to win the war. However, that version of events as *Forget the Alamo* definitively

shows owes more to fantasy than reality Just as the site of the Alamo was left in ruins for decades its story was forgotten and twisted over time with the contributions of Tejanos Texans of Mexican origin who fought alongside the Anglo rebels scrubbed from the record and the origin of the conflict over Mexico s push to abolish slavery papered over Forget the Alamo provocatively explains the true story of the battle against the backdrop of Texas s struggle for independence then shows how the sausage of myth got made in the Jim Crow South of the late nineteenth and early twentieth century As uncomfortable as it may be to hear for some celebrating the Alamo has long had an echo of celebrating whiteness In the past forty some years waves of revisionists have come at this topic and at times have made real progress toward a more nuanced and inclusive story that doesn t alienate anyone But we are not living in one of those times the fight over the Alamo s meaning has become more pitched than ever in the past few years even violent as Texas s future begins to look more and more different from its past It s the perfect time for a wise and generous spirited book that shines the bright light of the truth into a place that s gotten awfully dark

[The Alamo's Forgotten Defenders](#) Phillip Thomas Tucker,2022-05-20 A thoughtful military history of the Texas Revolution from the perspective of Irish Americans who were in the thick of it Highly recommended Midwest Book Review Breaking new ground with original insights Phillip Thomas Tucker s The Forgotten Defenders of the Alamo The Irish of the Texas Revolution 1835 1836 sets forth one of the best remaining untold stories of the Alamo and Texas Revolution by exploring a largely forgotten and long ignored history the dramatic saga of the Irish in Texas Relying upon a wealth of previously unexplored primary sources The Forgotten Defenders of the Alamo is the first book devoted to the dramatic story of Irish achievements contributions and sacrifices in winning independence for Texas In doing so Tucker s study bestows much needed recognition upon the Irish and shatters a host of long existing myths about the Texas Revolution The Irish were the largest immigrant group in Texas at the time and among the most vocal and passionate of liberty loving revolutionaries in all Texas Presented not only as a military history of the Irish in the Texas Revolution but also as a social economic and cultural history of the Irish in Texas The Forgotten Defenders of the Alamo will stand as a long overdue corrective to the outdated views of the story of the Alamo and the Texas Revolution Ground breaking Carl Shanahan President of the Irish American Museum of Washington D C As important a contribution to Alamo history as it is to genealogy Gary Zaboly author of An Altar for Their Sons The Alamo and the Texas Revolution in Contemporary Newspaper Accounts A valuable contribution to Texas history Anthony Zavaleta University of Texas

[Lawmen of the Old West](#) Del Cain,2001-01-16 Some of the law officers who served the West during the last half of the nineteenth century drifted from one side of the law to the other and sold their talents to whichever side offered the most advantage Others used their positions as cover for their criminal activities The lawmen in this book were serious offenders against the laws they had at one time sworn to uphold Their skills were honed in range wars and family feuds and polished along the cattle trails in the saloons and banks and on the trains of the West Some of them did good work enforcing the law when that was their job Others had equally successful careers on the

other side of the law More than one kicked out their lives at the end of ropes strung up by citizens who were outraged by their abuse of the trust that went along with the badge they wore These are their stories Singin' a Lonesome Song Gary Brown,2001-01-25 Texas convicts and inmates have made the Texas prison system the most colorful in the world over the past 150 years T Jackson, Crockett and Houston on the American Frontier Paul Williams,2016-06-14 The 1813 storming of Fort Mims by Creek Indians brought to light the careers of Andrew Jackson David Crockett and Sam Houston All three fought the Creeks and each would have his part to play two decades later when the Alamo was stormed during the fight for Texan independence from Mexico President Jackson was the first head of state to recognize the fledgling Republic of Texas Colonel Crockett would be enshrined as a folk hero for his stand at the Alamo General Houston won Texan independence at San Jacinto in 1836 This book tells the stories of the two landmark battles at Fort Mims and the Alamo and the interwoven lives of Jackson Crockett and Houston three of the most fascinating men in American history *Wrested from This Peaceful Life: Santa Anna at the Alamo* Mike M. Castillo,2008-05-22 This concise history of the battle of the Alamo is a valuable resource for all history teachers especially those who use the Texas History textbook Since only a very limited introduction to this topic is given in the present Texas History textbook this concise history can be used as a supplementary tool to assist all history teachers in the lecturing and teaching of the Alamo saga As awe inspiring as it is the battle of the Alamo continues to leave children and adults alike with many unanswered questions This concise history aims to answer some of these questions

Discovering Texas History Bruce A. Glasrud,Light Townsend Cummins,Cary D. Wintz,2014-09-09 The most comprehensive and up to date guide to Texas historiography of the past quarter century this volume of original essays will be an invaluable resource and definitive reference for teachers students and researchers of Texas history Conceived as a follow up to the award winning A Guide to the History of Texas 1988 Discovering Texas History focuses on the major trends in the study of Texas history since 1990 In two sections arranged topically and chronologically some of the most prominent authors in the field survey the major works and most significant interpretations in the historical literature Topical essays take up historical themes ranging from Native Americans Mexican Americans African Americans and women in Texas to European immigrant history literature the visual arts and music in the state and urban and military history Chronological essays cover the full span of Texas historiography from the Spanish era through the Civil War to the Progressive Era and World Wars I and II and finally to the early twenty first century Critical commentary on particular books and articles is the unifying purpose of these contributions whose authors focus on analyzing and summarizing the subjects that have captured the attention of professional historians in recent years Together the essays gathered here will constitute the standard reference on Texas historiography for years to come guiding readers and researchers to future ever deeper discoveries in the history of Texas
