winning journalist Cara McGoogan daringly exposes an expansive map of corporate greed and negligence that led to one of the biggest overlooked medical scandals in history Alongside her we meet survivors turned activists determined small town lawyers and fearless reporters desperate for justice Their fight for retribution created a critical inflection point in the AIDS crisis stigmas shifted settlements were awarded and later President George H W Bush signed into law the largest federal program on HIV In shocking riveting detail Blood Farm uncovers how a miracle treatment became a deadly poison and forever changed our understanding of AIDS
