Alchemy Combined Special Mystery Thriller:

Alchemy Chris James, 2015-12-14 *Alchemy* a story of perfect murder *Alchemy* turning Silver to Gold in a single volume
WHAT READERS SAID ABOUT *Alchemy* 1 Possibly one of the best books released this year An absolutely amazing book
Spectacular A real find after reading the first few chapters of *Alchemy* I was hooked I could imagine this as a Ripper Street
style TV drama Highly entertaining Packed with suspense Incredibly original an amazing storyteller and his research is spot
on The storyline is clever and it's rich in history literally grabs you from the very first chapter left me guessing until the very
end a fascinating story with several unexpected twists atmospheric and absorbing a killer tale really entertaining a
fascinating historical account of a disturbing murder trial a scary suspense murder mystery with an eloquent narrative
without the blood n guts The suspense is powerful It's rare that I find a book that I just can't put down If you love Victorian
Era historical mystery and intrigue you'll like this book An excellent mystery thriller with lots of twists and turns full of
excitement and surprises very suspenseful and leaves you at the edge of your chair Loved the twists and unexpected A real
page turner Couldn't put it down a very entertaining story with lots of mystery just gets better and better as you read it never
ceases to surprise compulsive reading and a real pageturner If you are a reader of period suspense and murder plots well
written to portray the period I highly recommend this A fascinating tale of murder and mayhem A while since I have enjoyed
a book as much as this FIRST REVIEWS of *Alchemy* 2 on Goodreads Chris James has done it again And this book is even
better than his first I did not want it to end I saved it like a treat a reward to look forward to I enjoyed every word This book
is a masterpiece spanning so much history as well as telling a great story This author rivals C J Sansom for history and
Alexandre Dumas for pace and adventure I loved so many things about this book When is a book great When the sequel is not
only as good as but better than the first In my review for the first book I said that it was the book that blew me out of the
water this year Well if the first did that then I am at loss for the words I need to describe this sequel To say it eclipsed the
first is definitely a gross understatement I really enjoyed the author's debut novel and this one is another cracker Chris
James writes highly original dark and mysterious thrillers that are wonderfully well crafted and different to anything else I've
read No spoilers here just a strong recommendation to buy and read this excellent novel just as soon as it's available
Alchemy turning Silver to Gold is not only better than the first one it is darker and more disturbing if that is even possible It
is ideal for anyone who loves a good horror crime novel

The Alchemy Murder Peter Oldfeld (pseud.), 1929 Saturnalia Stephanie Feldman, 2023-03-02. Doors open at 7. The sacrifice is at 9. The dress code is as usual, black tie. It's the winter solstice in a Philadelphia that has been eroded by extreme weather, economic collapse, and disease-carrying mosquitoes. The Saturnalia carnival is about to begin, an evening on which nearly everyone, rich or poor, forgets their troubles for a moment. For Nina, Saturnalia is simply a cruel reminder of the night that changed everything for her. It's now three years since she walked away from the elite Saturn Club with its genteel debauchery, arcane pecking order, and winking interest in alchemy and the occult. Since then, she's led an isolated life, eking out a living telling fortunes with her Saturn Club tarot deck. But when she gets a chance call from Max, her last remaining friend from the Saturn Club, Nina will put on a dress of blackest black and attend the Club's wild solstice masquerade, the biggest party of the year. On a mysterious errand she can't say no to. Before the night is over, she will become the custodian of a horrifying secret and the target of a mysterious hunter. As Nina runs across an alternate Philadelphia, balanced on a knife's edge between celebration and catastrophe, through parades, worship houses, museums, hidden mansions, and the place she once called home, she's forced to confront her past so she can finally take charge of her own—and perhaps everyone else's—future. A wholly original blend of feminism, cli-fi, suspense, and magical realism, *Saturnalia* is a story about environmental collapse, class warfare, trauma, and rebirth, and magic, the extraordinary, ancient magic of alchemy, and the ordinary, timeless magic of bravery and forgiveness. A heady mix of the most terrifying elements of our troubled past and inevitable future, an eerie, propulsive novel. Carmen Maria Machado. An unusual blend of thriller, alchemical fantasy, and climate apocalypse, it's a wild, entertaining ride. *Guardian*. October demands that gothic autumnal read, and *Saturnalia* is it. This has it all: magic, mystery, a fierce female protagonist, and a fast-paced plot that will keep you turning the pages. *Glamour*. Best New Books for October. A propulsive mystery thriller. Future Philly falls somewhere between steampunk and cyberpunk, baroque, pungent, stratified, crumbling, and Feldman gives its plight considerable emotional charge by making it feel real and lived in. *SFX Magazine*. A chilling tale of alchemy and corruption, *Saturnalia* is both dazzlingly inventive and full of spine-tingling menace. *Washington Post*. Taking place over one evening, this book should be devoured quickly like the sinful treat that it is. *CrimeReads*. *Saturnalia* was worth the wait. Feldman spins a web of intrigue and wonder across a city beset by dark

powerbrokers climate upheaval deadly mosquitos and lavishly costumed pagan social clubs marching down Broad Street in celebration of the winter solstice Philadelphia Inquirer Tense and suspenseful Saturnalia features strong world building and a fully realized heroine It will appeal to fans of Leigh Bardugo s Ninth House while the book may also draw in readers of climate horror such as Omar El Akkad s American War or Jeff VanderMeer s Southern Reach trilogy Booklist
