50 Popular Beliefs That People Think Are True Guy P. Harrison,2012-01-03 What would it take to create a world in which fantasy is not confused for fact and public policy is based on objective reality asks Neil deGrasse Tyson science popularizer and author of *Astrophysics for People in a Hurry* I don t know for sure But a good place to start would be for everyone on earth to read this book Maybe you know someone who swears by the reliability of psychics or who is in regular contact with angels Or perhaps you re trying to find a nice way of dissuading someone from wasting money on a homeopathy cure Or you met someone at a party who insisted the Holocaust never happened or that no one ever walked on the moon How do you find a gently persuasive way of steering people away from unfounded beliefs bogus cures conspiracy theories and the like This down to earth entertaining exploration of commonly held extraordinary claims will help you set the record straight The author a veteran journalist has not only surveyed a vast body of literature but has also interviewed leading scientists explored the most haunted house in America frolicked in the inviting waters of the Bermuda Triangle and even talked to a contrite Roswell alien He is not out simply to debunk unfounded beliefs Wherever possible he presents alternative scientific explanations which in most cases are even more fascinating than the wildest speculation For example stories about UFOs and alien abductions lack good evidence but science gives us plenty of reasons to keep exploring outer space for evidence that life exists elsewhere in the vast universe The proof for Bigfoot or the Loch Ness Monster may be nonexistent but scientists are regularly discovering new species some of which are truly stranger than fiction Stressing the excitement of scientific discovery and the legitimate mysteries and wonder inherent in reality this book invites readers to share the joys of rational thinking and the skeptical approach to evaluating our extraordinary world **Proceedings of the Society of Biblical**

BUSBY,2020-02-29 Over 3 000 of America s finest teachers are selected for the prestigious National Federation of Academic Excellence in Education Award for an all expenses paid three month sabbatical to study topics of interest in NFAEE hubs all across the country At the end of the sabbatical only 288 participants are left What happens to them is the result of an insidious plot to

rid America of its best and brightest educators Who is behind the plot and why For the handful who finish the chilling answer is in their struggle to survive THE SABBATICAL DIRECTIVE When teachers Mitzie Galloway Colby Cameron and Cassidy Phelps win the coveted NFAEE award they look forward to three months of pampered luxury with similar colleagues from all over the country Instead they find themselves in a hostage type situation which demands their collective intellects and survival instincts not only to complete the sabbatical but to finish with their minds and their very lives intact Not everyone will make the cut THE SABBATICAL DIRECTIVE is psychological warfare that could already be playing out in today s reality The risk is real The fate of our country hangs in the balance The minds of our nation s children are in jeopardy Cheryl K Chumley The Washington Times
