Australia And The Vietnam War:

Harvest Of Fear John Murphy, 2019-03-13 How did fears of the Cold War shape Australian images of Asia What was the nature of the Vietnamese revolution which some 50 000 Australian troops failed to reverse in the 1960s How did a small and marginal peace movement grow into the powerful Moratorium and did it have any impact on the course of the War Harvest of Fear is a beautifully crafted *Australia and the Vietnam War* Peter (Fullarton) Edwards, 2014-03-01 The Vietnam War was Australia's longest and most controversial military commitment of the twentieth century ending in humiliation for the United States and its allies with the downfall of South Vietnam The war provoked deep divisions in Australian society and politics particularly since for the first time young men were conscripted for overseas service in a highly contentious ballot system The Vietnam era is still identified with diplomatic military and political failure Was Vietnam a case of Australia fighting other people's wars Were we really all the way with the United States How valid was the domino theory Did the Australian forces develop new tactical methods in earlier Southeast Asian conflicts and just how successful were they against the unyielding enemy in Vietnam In this landmark book award winning historian Peter Edwards skilfully unravels the complexities of the global Cold War decolonisation in Southeast Asia and Australian domestic politics to provide new often surprising answers to these questions

Vietnam Bruce Davies, Gary McKay, 2013 Take a journey back to the front line with two Australian veterans as they retrace the footsteps of soldiers and politicians villagers and the enemy in a meticulously researched new history of the Vietnam War **Australia in the Vietnam War** Scott Brodie, 1987 **Australia's Vietnam** Mark Dapin, 2019 Why everything you think you know about Australia's Vietnam War is wrong When Mark Dapin first interviewed Vietnam veterans and wrote about the war he swallowed and regurgitated every misconception He wasn't alone In Australia's Vietnam Dapin reveals that every stage of Australia's commitment to the Vietnam War has been misunderstood misinterpreted and shrouded in myth From army claims that every national serviceman was a volunteer and the level of atrocities committed by Australian troops to the belief there were no welcome home parades until the late 1980s and returned soldiers were met by angry protesters Australia's Vietnam is a major contribution to the understanding of Australia's experience of the war and will change the way we think about memory and military history

Australian Military Operations In Vietnam Albert Palazzo, 2010-08-30 From 1962 to 1972 Australia joined the United States in fighting a communist inspired insurgency war in the jungles of South Vietnam against infiltrators who sought to overthrow the local government Over 50 000 Australians served in Vietnam 519 lost their lives and the conflict ended ignominiously in the insurgents victory Over 30 years later Australia again finds itself joined with the United States in a struggle against an insurgency this time in the deserts of Iraq and the mountains of Afghanistan Although now in the past the Vietnam War resonates with lessons for the Australian Army as it strives to defeat not Communism but Terrorism Australian Military Operations in Vietnam highlights some of the successes and failures of an earlier generation of officers for the benefit of

today's leaders Australian Soldiers in South Africa and Vietnam Effie Karageorgos, 2016-03-24 The South African and Vietnam Wars provoked dramatically different reactions in Australians from pro British jingoism on the eve of Federation to the anti war protest movements of the 1960s In contrast the letters and diaries of Australian soldiers written while on the South African and Vietnam battlefields reveal that their reactions to the war they were fighting were surprisingly unlike those on the home fronts from which they came Australian Soldiers in South Africa and Vietnam follows these combat men from enlistment to the war front and analyses their words alongside theories of soldiering to demonstrate the transformation of soldiers as a response to developments in military procedure as well as changing civilian opinion In this way the book illustrates the strength of a soldier's link to their home front lives **Australian Military Operations in Vietnam** Albert Palazzo, 2016-04-21 **Australia's Vietnam** Mark Dapin, 2019-07-31 Why everything you think you know about Australia's Vietnam War is wrong When Mark Dapin first interviewed Vietnam veterans and wrote about the war he swallowed and regurgitated every misconception He wasn't alone In Australia's Vietnam Dapin reveals that every stage of Australia's commitment to the Vietnam War has been misunderstood misinterpreted and shrouded in myth From army claims that every national serviceman was a volunteer and the level of atrocities committed by Australian troops to the belief there were no welcome home parades until the late 1980s and returned soldiers were met by angry protesters Australia's Vietnam is a major contribution to the understanding of Australia's experience of the war and will change the way we think about memory and military history **To Long Tan** Ian McNeill, 1993 A policy of forward defence against communist expansion in Asia resulted in new alliances and strategies which brought great changes to the Australian Army These new directions and perspectives together with events in Southeast Asia led inexorably to the commitment of forces to Vietnam alongside those of the United States of America Australia for the first time going to war without Britain This volume explains the changes in the Army and follows the experience of the initial forces to Vietnam first the advisors then one battalion in 1965 then a task force in 1966 It culminates in the Battle of Long Tan on 18 August 1966 and its immediate aftermath which established the 1st Australian Task Force in Phuoc Tuy province Preface
