Authentic Academic Leadership Jeffrey L. Buller, 2018-02-23 The book explores how to build an approach to academic leadership based on your own personal values convictions and principles Rather than trying to assert that only certain values or even virtues are essential for good leadership the approach taken is to begin with who you really are your true self and then to build a leadership framework consistent with that identity that makes your institution or program stronger We explore why hypocrisy is damaging to any form of leadership but particularly so in higher education where values of scholarship and research are based on the confidence we have in others integrity As a result authenticity even more than such commonly promoted traits of leaders as vision courage and compassion becomes the core of effective leadership in the academy today Through hypothetical case studies and thought experiments the book challenges administrators to identify a small set of core values that truly define who they are as academic leaders and then to use those values as the basis for a philosophy of leadership that guides them through the turbulent changes occurring in higher education today New

fall into place Next Level Leadership Training: Volume Two Rick Johnston, 2015-04-28 Every local church requires leaders. Many believers are given responsibility to lead but fail to sustain their leadership. Developing the people who lead is essential to building strong churches and demonstrating the kingdom message to those who do not know Christ. The nonpublic lifestyle of a leader is what vitally supports the public expression of his or her grace. Jesus said, "Follow me and I will make you fishers of men." Those three simple phrases are the essence of Rick Johnston's Next Level Leadership Training. Johnston provides a syllabus for training such leaders. Bible saturated lessons are the foundation of teaching. Classroom interaction tips, external resource suggestions, and life implementation steps given at the end of each lesson provide the opportunity to increase in grace. Theological foundations, relationship building assignments, and miracle demonstrations defined in this text provide a wide ranging training course for every local church.

Daring Leadership Unveiled: Embracing Vulnerability, Courage, and Empathy Silviu Ciuta, This book embarks on a voyage through the heart of daring leadership, a journey that redefines the essence of what it means to lead and inspire. It invites you to shed preconceived notions and to grasp that vulnerability is not a sign of frailty but rather a wellspring of strength. Courage is not the absence of fear but the audacity to act despite it, to envision and strive for audacious objectives and to challenge the established norms. Empathy is the connective tissue that unites individuals, spawns collaboration, and ushers inclusivity. Daring leadership is a journey of action, not mere words. It beckons leaders to exemplify to cultivate bold cultures and to kindle the flames of inspiration in others. It is not a path strewn with a fixed set of traits but an invitation to embrace these fundamental qualities as the driving forces that shape leaders, organizations, and societies. As you embark on the chapters of this book, we implore you to shed the misconceptions and the fears that often cloak leadership. Banish the notion that vulnerability is anathema to strength; that courage is an extraordinary trait and that empathy is a mere luxury. This expedition is a liberation from the shackles of isolation that sometimes envelop leadership; an invitation to bask in the radiance of authenticity, cultivate innovation, and forge profound bonds.
