The Path of Desire Hugh B. Urban,2024-03-27 A provocative study of contemporary Tantra as a dynamic living tradition Tantra one of the most important religious currents in South Asia is often misrepresented as little more than ritualized sex Through a mixture of ethnography and history Hugh B Urban reveals a dynamic living tradition behind the sensationalist stories Urban shows that Tantric desire goes beyond the erotic encompassing such quotidian experiences as childbearing and healing He traces these holistic desires through a series of unique practices institutional Tantra centered on gurus and esoteric rituals public Tantra marked by performance and festival folk Tantra focused on magic and personal well being and popular Tantra imagined in fiction film and digital media The result is a provocative new description of Hindu Tantra that challenges us to approach religion as something always entwined with politics and culture thoroughly entangled with ordinary needs and desires
