The Aesthetics of Uncertainty Janet Wolff, 2008 Abstract

Lesbian Scandal and the Culture of Modernism Jodie Medd, 2012-09-10 Before lesbianism became a specific identity category in the West its mere suggestion functioned as a powerful source of scandal in early twentieth century British and Anglo American culture Reconsidering notions of the invisible or apparitional lesbian Jodie Medd argues that lesbianism's representational instability and the scandals it generated rendered it an influential force within modern politics law art and the literature of modernist writers like James Joyce Ezra Pound and Virginia Woolf Medd's analysis draws on legal proceedings and parliamentary debates as well as crises within modern literary production patronage relations literary obscenity and cultural authority to reveal how lesbian suggestion forced modern political cultural and literary institutions to negotiate their own identities ideals and limits Medd's text will be of great interest to scholars and graduate students in gender and women's studies modernist literary studies and English literature

A Critical Theory of Creativity R. Howells, 2015-06-29 A Critical Theory of Creativity argues that a Utopian drive is aesthetically encoded within the language of form But coupled with this opportunity comes a very human obligation which cannot be delegated to God to nature or to market forces As Ernst Bloch declared Life has been put into our hands

Reader's Guide to Literature in English Mark Hawkins-Dady, 2012-12-06 Reader's Guide Literature in English provides expert guidance to and critical analysis of the vast number of books available within the subject of English literature from Anglo Saxon times to the current American British and Commonwealth scene It is designed to help students teachers and librarians choose the most appropriate books for research and study

London's Women Artists, 1900-1914 Mengting Yu, 2020-09-16 Drawing on untapped archives as well as aggregating a wide range of existing published sources this book recalibrates the understanding of women artists roles outputs and receptions in London during what was indubitably a vibrant and innovative period in the history of British art and in which the work of their male contemporaries is so well understood The book takes its starting point from Alicia Foster's article Gwen John's Self Portrait Art Identity and Women Students at the Slade School published in 2000 where the expression a talented and decorative group was coined to describe common attitudes towards women artists in the late 19th and early 20th century London This pejorative attribution

strongly implied a status less significant to that of their male counterparts The author challenges this statement s basic tenet by casting a wide net in examining women s art education from the Slade School of Fine Art through to the role of its graduates within a selection of London s exhibition groups societies and publications This book also reconstructs from scratch the role of the Women s International Art Club WIAC hitherto entirely overlooked in art historical studies of the era This book will be of interest to students and researchers in art and cultural history gender studies and in sociological studies of pre War World War Britain

The Queer Encyclopedia of the Visual Arts Claude Summers, 2012-03-23 A distinctly queer presence permeates the history of the visual arts from Michelangelo s David and homoerotic images on ancient Greek vases to Frida Kahlo s self portraits and the photography of Claude Cahun and Robert Mapplethorpe The Queer Encyclopedia of the Visual Arts is a comprehensive work showcasing the enormous contribution of gay lesbian bisexual transgender and queer artists to painting drawing photography printmaking sculpture and architecture International in scope the volume includes overviews of the various periods in art history from Classical Art to Contemporary Art and from African Art to Erotic and Pornographic Art discussions of topics ranging from AIDS Activism in the Arts Censorship in the Arts and the Arts and Crafts Movement to Pulp Paperbacks and Their Covers surveys of the representation of various subjects in the visual arts from Androgyny to Vampires and biographical entries on significant figures in the history of art such as Andy Warhol Keith Haring El Greco Leonardo da Vinci David Hockney Ruth Bernhard Rosa Bonheur Romaine Brooks Simeon Solomon and Nahum Zenil Includes more than 100 illustrations and photographs
