The Sonic Swagger of Elvis Presley Gary Parker, 2022-05-13 Elvis Presley's clever manipulation of his numerous interests remains one of the music world's great marvels. His synthesis of country, rhythm blues, and gospel resulted in an inventive mixture of hair-raising rock and roll and balladry. This book focuses on the music of Presley's groundbreaking early years and includes a comprehensive analysis of every Presley recording session from the 1950s. Chapters show how Presley, with one foot in delta mud and the other in a country hoedown, teamed with Scotty Moore and Bill Black to fuse two distinctly American musical forms, country and blues, to form what would come to be known as rockabilly. Also detailed is Presley's influence on music and how his contributions are still celebrated today.
