Blueprint Small Michelle Kodis, 2003-03-24 When it comes to deciding on the size of a home or living space one question must be asked How much space is enough Americans often relate enough space to dimensions rather than to how a space will really be enjoyed In *Blueprint Small* Michelle Kodis examines small spaces each 1500 square feet or less from a wide spectrum of locations budgets and individual styles each chosen because they illustrate that scaling back in size doesn't have to mean scaling back in comfort spaciousness or beauty From a sleek urban apartment to a funky mountain home to a renovated beach house *Blueprint Small* reveals how smaller homes invite rather than overwhelm comfort rather than alienate The projects offered here represent a variety of functions locations and environments combining the technical aspects of building and using small spaces with the stories of the people who live in them *Blueprint Small* invites you to explore inspiring and imaginative ways to inhabit smaller spaces and still live large Michelle Kodis is a freelance writer and editor based in Telluride Colorado She is the author of *Love Scents* and *The Telluride Cookbook* she has also written for *The San Francisco Examiner* *The Oregonian* and *Backpacker* magazine *Blueprint Reading* Howard Parker Fairfield, 1919
