

Audi quattro

THE COMPLETE STORY

Laurence Meredith

Audi Quattro The Complete Story

Steven Parissien

Audi Quattro The Complete Story:

Alfa Romeo 916 GTV and Spider Robert Foskett,2013-03-01 Alfa Romeo 916 GTV and Spider traces the complete story of the Alfa Romeo GTV and Spider models produced between 1994 2005 commonly known to enthusiasts by the manufacturer s project code as the 916 series The 916 models would always be controversial they replaced the iconic Spider the best selling Alfa Romeo sports model of all time and the brand establishing Alfetta GTV Sharing components and a platform with a humble Fiat hatchback would the cars ever be considered real Alfa Romeos The cars were critically acclaimed and though they faced tough competition in the late 1990s from the likes of the Audi TT they remained in production for over a decade

Audi Quattro Laurence Meredith,2001-01-29 The full story of the Classic Quattros from Audi the first car to combine performance and four wheel drive in a commercially successful package Its success in rallying during the 1980s ensured good publicity and healthy sales Since then the Audi range has had a quattro variant for every model and they continue to be leaders in their field

The Life of the Automobile Steven Parissien,2014-05-13 The Life of the Automobile is the first comprehensive world history of the car The automobile has arguably shaped the modern era more profoundly than any other human invention and author Steven Parissien examines the impact development and significance of the automobile over its turbulent and colorful 130 year history Readers learn the grand and turbulent history of the motor car from its earliest appearance in the 1880s as little more than a powered quadricycle and the innovations of the early pioneer carmakers The author examines the advances of the interwar era the Golden Age of the 1950s and the iconic years of the 1960s to the decades of doubt and uncertainty following the oil crisis of 1973 the global mergers of the 1990s the bailouts of the early twenty first century and the emergence of the electric car This is not just a story of horsepower and performance but a tale of extraordinary people of intuitive carmakers such as Karl Benz Sir Henry Royce Giovanni Agnelli Fiat Andr Citro n and Louis Renault of exceptionally gifted designers such as the eccentric Ohio born Chris Bangle BMW and of visionary industrialists such as Henry Ford Ferdinand Porsche the Volkswagen Beetle and Gene Bordinat the Ford Mustang among numerous other game changers Above all this comprehensive history demonstrates how the epic story of the car mirrors the history of the modern era from the brave hopes and soaring ambitions of the early twentieth century to the cynicism and ecological concerns of a century later Bringing to life the flamboyant entrepreneurs shrewd businessmen and gifted engineers that worked behind the scenes to bring us horsepower and performance The Life of the Automobile is a globe spanning account of the auto industry that is sure to rev the engines of entrepreneurs and gearheads alike
