Audio American History By Alan Brinkley

David Ekbladh

Audio American History By Alan Brinkley:

Alan Brinkley David Greenberg, Moshik Temkin, Mason B. Williams, 2019-01-08 Few American historians of his generation have had as much influence in both the academic and popular realms as Alan Brinkley His debut work the National Book Award winning *Voices of Protest* launched a storied career that considered the full spectrum of American political life His books give serious and original treatments of populist dissent the role of mass media the struggles of liberalism and conservatism and the powers and limits of the presidency A longtime professor at Harvard University and Columbia University Brinkley has shaped the field of U S history for generations of students through his textbooks and his mentorship of some of today's foremost historians *Alan Brinkley A Life in History* brings together essays on his major works and ideas as well as personal reminiscences from leading historians and thinkers beyond the academy whom Brinkley collaborated with befriended and influenced Among the luminaries in this volume are the critic Frank Rich the journalists Jonathan Alter and Nicholas Lemann the biographer A Scott Berg and the historians Eric Foner and Elizabeth Cohen Together the seventeen essays that form this book chronicle the life and thought of a working historian the development of historical scholarship in our time and the role that history plays in our public life At a moment when Americans are pondering the plight of their democracy this volume offers a timely overview of a consummate student and teacher of the American political tradition

The American Journey Joyce Oldham Appleby, Alan Brinkley, James M. McPherson, 2003 [The Software Encyclopedia](#), 1986

48 Liberal Lies about American History Larry Schweikart, 2008 As he did in his popular *A Patriot's History of the United States* Schweikart corrects liberal bias by rediscovering facts that were once widely known He challenges distorted books by name and debunks 48 common myths

A Progressive History of American Democracy Since 1945 Chris J. Magoc, 2021-12-29 *A Progressive History of American Democracy Since 1945* American Dreams Hard Realities offers a social political and cultural history of the United States since World War II Unpacking a period of profound transformation unprecedented in the national experience this book takes a synthetic approach to the history of the 1940s to the present day It examines how Americans descended from a mid century apogee of boundless expectations to the unsettling premise that our contemporary historical moment is fraught with a sense of crisis and national failure The book's narrative explores the question of decline and more importantly how the history of this transformation can point the way toward a recovery of shared national values Chris J Magoc also gives extensive treatments to the following Grassroots movements that have expanded the meaning of American democracy from the 1950s human rights struggle in the South to contemporary movements to confront systemic racism and the existential crisis of climate change The resilience of American democracy in the face of antidemocratic forces The impacts of a decades long economic transformation The consequences of America's expanding global military footprint and national security state Fracturing of a nation once held together by a post war liberal consensus and broadly shared societal goals to an America facing an attack from within on empirical truth and

democracy itself This book will be of interest to students of modern U S history social history and American Studies and general readers interested in recent U S history *The Electronic Church in the Digital Age* Mark Ward Sr.,2015-11-10 This two volume set investigates the evangelical presence in America as experienced through digital media examining current evangelical ideologies regarding education politics family and government Evangelical broadcasting has greatly expanded its footprint in the digital age This informative text acquaints readers with how the electronic church of today spreads its message through Internet podcasts social networking religious radio programs and televised sermons how mass media forms the institution s modern identity and what the future of the industry holds as mobile church apps Christian based video games and online worship become the norm The work split into two volumes reveals the ways that the Christian broadcast community affects evangelical traditions and influences American society in general Volume 1 explores how electronic media shapes today s Christian subculture while the second volume describes how the electronic church impacts the wider American culture analyzing what key figures in evangelical mass media are saying about today s religious political economic and social issues The set concludes by addressing criticism about religious media and the prospects of American public discourse to accomodate both secular and religious voices *A Voice That Could Stir an Army* Maegan Parker Brooks,2014-04-30 A sharecropper a warrior and a truth telling prophet Fannie Lou Hamer 1917 1977 stands as a powerful symbol not only of the 1960s black freedom movement but also of the enduring human struggle against oppression A Voice That Could Stir an Army is a rhetorical biography that tells the story of Hamer s life by focusing on how she employed symbols images words and even material objects such as the ballot food and clothing to construct persuasive public personae to influence audiences and to effect social change Drawing upon dozens of newly recovered Hamer texts and recent interviews with Hamer s friends family and fellow activists Maegan Parker Brooks moves chronologically through Hamer s life Brooks recounts Hamer s early influences her intersection with the black freedom movement and her rise to prominence at the 1964 Democratic National Convention Brooks also considers Hamer s lesser known contributions to the fight against poverty and to feminist politics before analyzing how Hamer is remembered posthumously The book concludes by emphasizing what remains rhetorical about Hamer s biography using the 2012 statue and museum dedication in Hamer s hometown of Ruleville Mississippi to examine the larger social political and historiographical implications of her legacy The sustained consideration of Hamer s wide ranging use of symbols and the reconstruction of her legacy provided within the pages of A Voice That Could Stir an Army enrich understanding of this key historical figure This book also demonstrates how rhetorical analysis complements historical reconstruction to explain the dynamics of how social movements actually operate

A Critical Companion to the American Stage Musical Elizabeth L. Wollman,2017-09-21 This Critical Companion to the American Stage Musical provides the perfect introductory text for students of theatre music and cultural studies It traces the history and development of the industry and art form in America with a particular focus on its artistic and commercial

development in New York City from the early 20th century to the present Emphasis is placed on commercial artistic and cultural events that influenced the Broadway musical for an ever renewing increasingly broad and diverse audience the Gilded Age the Great Depression the World War II era the British invasion in the 1980s and the media age at the turn of the twenty first century Supplementary essays by leading scholars provide detailed focus on the American musical s production and preservation as well as its influence on daily life on the local national and international levels For students these essays provide models of varying approaches and interpretation equipping them with the skills and understanding to develop their own analysis of key productions

The Great American Mission David Ekbladh, 2011-08-08 The Great American Mission traces how America s global modernization efforts during the twentieth century were a means to remake the world in its own image David Ekbladh shows that the emerging concept of modernization combined existing development ideas from the Depression He describes how ambitious New Deal programs like the Tennessee Valley Authority became symbols of American liberalism s ability to marshal the social sciences state planning civil society and technology to produce extensive social and economic change For proponents it became a valuable weapon to check the influence of menacing ideologies such as Fascism and Communism Modernization took on profound geopolitical importance as the United States grappled with these threats After World War II modernization remained a means to contain the growing influence of the Soviet Union Ekbladh demonstrates how U S led nation building efforts in global hot spots enlisting an array of nongovernmental groups and international organizations were a basic part of American strategy in the Cold War However a close connection to the Vietnam War and the upheavals of the 1960s would discredit modernization The end of the Cold War further obscured modernization s mission but many of its assumptions regained prominence after September 11 as the United States moved to contain new threats Using new sources and perspectives *The Great American Mission* offers new and challenging interpretations of America s ideological motivations and humanitarian responsibilities abroad

[These Truths](#) Jill Lepore, 2018-09-18 Nothing short of a masterpiece NPR Books A New York Times Bestseller and a Washington Post Notable Book of the Year In the most ambitious one volume American history in decades award winning historian Jill Lepore offers a magisterial account of the origins and rise of a divided nation Widely hailed for its sweeping sobering account of the American past New York Times Book Review Jill Lepore s one volume history of America places truth itself a devotion to facts proof and evidence at the center of the nation s history The American experiment rests on three ideas these truths Jefferson called them political equality natural rights and the sovereignty of the people But has the nation and democracy itself delivered on that promise *These Truths* tells this uniquely American story beginning in 1492 asking whether the course of events over more than five centuries has proven the nation s truths or belied them To answer that question Lepore wrestles with the state of American politics the legacy of slavery the persistence of inequality and the nature of technological change A nation born in contradiction will fight forever over the meaning of its history Lepore writes but engaging in that struggle by

studying the past is part of the work of citizenship With These Truths Lepore has produced a book that will shape our view of American history for decades to come
