MP Auditing and Assurance Services with ACL SW CD William Messier, Steven Glover, Douglas Prawitt, 2007-11-27

Messier employs the audit approach currently being used by auditing professionals. This approach is a direct result of the demands of Sarbanes Oxley which has changed the way auditors do their jobs. The approach emphasizes understanding the entity i.e. the organization or business being audited and its environment i.e. industry and then assessing the business risks faced by the entity and how management controls those risks. This audit process focuses on business processes instead of accounting cycles. This unique and innovative approach has been developed in response to changing market dynamics. The systematic approach referred to in the subtitle of the text reflects the early introduction of three basic concepts that underlie the audit process: materiality, audit risk, and evidence. This allows Messier to build upon this model in subsequent chapters. These are central to everything an auditor does and a unique feature of Messier. As such, this approach helps students develop auditor judgment, a vital skill in today's auditing environment.

Auditing: A Business Risk Approach Larry Rittenberg, Karla Johnstone, Audrey Gramling, 2009-06-17. The auditing environment continues to change in dramatic ways and new professionals must be prepared for a high standard of responsibility. Prepare your students for these changes by using the new decision making framework in Rittenberg, Johnstone, Gramling's *AUDITING A BUSINESS RISK APPROACH* 7th EDITION. With the help of new author Audrey Gramling, *AUDITING* 7e explains the importance of understanding business risk, internal controls, and the professional judgment processes. The latest edition keeps your students in touch with today's rapidly changing environment by describing updates in the regulatory environment such as Section 404 of the Sarbanes Oxley Act. The authors have also expanded the coverage on the integrated audit. In addition, students will gain valuable experience by using the professional ACL auditing software packaged with each new text as they work with fraud cases. *AUDITING* 7e helps your students understand the risk associated with auditing in a relevant way. MP Loose-Leaf Auditing & Assurance Services w/ ACL Software CD-ROM Douglas F. Prawitt, Steven M. Glover, William F. Messier Jr., 2013-09-04. The fundamental values central to the Messier Jr. Glover Prawitt text include student engagement, a systematic approach, and decision making. Student Engagement: The authors believe students are best served by acquiring a strong understanding of the basic concepts that underlie the audit process and how to apply those concepts to various audit and assurance services. The text is accessible to students through straightforward writing and the use of engaging, relevant, real-world examples, illustrations, and analogies. The text explicitly encourages students to stop and think at important points in the text to help them apply principles covered and also helps students see the application of concepts in a practical setting through practice insight boxes. A Systematic Approach: The authors first introduce the three underlying concepts of audit risk, materiality, and evidence, then follow with a discussion of audit planning, the assessment of control risk, and a discussion of the nature, timing, and extent of evidence necessary to reach the appropriate level of detection risk. These concepts are then applied to each major business process and related account balances using a risk-based approach in following with the new standards adopted by the various auditing boards. Decision Making: Since much of auditing practice involves the application of auditor judgment, the authors focus on critical judgments and decision-making processes. If a student understands these basic concepts and how to apply them to an audit engagement, he or she will be more effective in today's dynamic audit environment. The new edition even includes a full advanced module on Professional Judgment. MP Auditing & Assurance Services w/ ACL Software CD-ROM William Messier Jr., Douglas Prawitt, Steven Glover, 2013-09-04.
