neoliberalism is a major obstacle to stimulating the hope that so many have been hoping for Addressing systemic inequities embedded within neoliberalism Carr and Porfilio argue is key to achieving the hope so brilliantly presented by Obama during the campaign that brought him to the presidency Rankings and the Reshaping of Higher Education Ellen Hazelkorn, 2015-03-23 University rankings have gained popularity around the world and are now a significant factor shaping reputation This second edition updates Ellen Hazelkorn's first comprehensive study of rankings from a global perspective drawing in new original research and extensive analysis It is essential reading for policymakers managers and scholars
