Classical Utilitarianism, 1800-1865 Callum Barrell,2021-10-07 This first comprehensive account of the utilitarians
historical thought intellectually resituates their conceptions of philosophy and politics at a time when the past acquired new
significances as both a means and object of study Drawing on published and unpublished writings and set against the
intellectual backdrops of Scottish philosophical history German and French historicism romanticism positivism and the rise of
social science and scientific history Callum Barrell recovers the depth with which Jeremy Bentham James Mill George Grote
and John Stuart Mill thought about history as a site of philosophy and politics He argues that the utilitarians contrary to their
reputations as ahistorical and even antihistorical thinkers developed complex frameworks in which to learn from and
negotiate the past inviting us to rethink the foundations of their ideas as well as their place in and relationship to nineteenth
century philosophy and political thought *Class List* Saint Paul Public Library,1906 **Class List** ,1905 Sociological

interested in aesthetics and the philosophy of art He focuses on both the earlier work centred around the Tractatus and the
later work of the Philosophical Investigations The Elements of Politics Henry Sidgwick,2012-01-26 An examination of
