Aggression In Personality Disorders And Perversions:

Aggression in Personality Disorders and Perversions Otto F. Kernberg, 1992-01-01 In this important new book Dr Otto F Kernberg one of the world's foremost psychoanalysts explores the role of aggression in severe personality disorders and in normal and perverse sexuality integrating new developments in psychoanalytic theory with findings from clinical work with severely regressed patients The book also integrates Dr Kernberg's recent studies of the descriptive structural and psychodynamic features of problems stemming from pathological aggression with the vicissitudes of their psychoanalytic treatment Finally Dr Kernberg demonstrates the importance of differential diagnosis for effective psychoanalytically inspired treatment of these disorders providing a rich variety of clinical illustrations The book begins by relating the dual drive theory of libido and aggression to contemporary developments in affect theory Dr Kernberg then applies this general theory of affects to aggression which in its pathological form centers on the affect of hatred He analyzes sadomasochistic hysterical hysteroid and narcissistic antisocial spectrums of personality disorders emphasizing how aggression is structured in each group Dr Kernberg next describes and updates the theoretical frame underlying his approach to the treatment of these disorders outlines their clinical manifestations and illustrates their diagnosis and treatment ranging from standard psychoanalysis with infantile personalities to psychoanalytic psychotherapy with borderline personalities to the psychotherapeutic approach to the treatment of psychosis and hospital milieu treatment in the management of highly regressed patients In the final section Dr Kernberg links the findings from psychoanalytic approaches to personality disorders with those from the psychoanalytic study of sexual perversions *Aggression in Personality Disorders and Perversions*, 1992
