## **Aggressive Offenders Cognition Aggressive Offenders Cognition:**

*Aggressive Offenders' Cognition* Theresa A. Gannon, Tony Ward, Anthony R. Beech, Dawn Fisher, 2009-09-28 The book focuses specifically on aggressive offenders and is divided into two parts Part I deals with sexual abusers whilst Part II is concerned with violent offenders Each part discusses theory latest research and treatment related information Emphasis is placed on discussing cognition in context i e identifying the factors impacting upon and related to offenders cognition

*The Oxford Handbook of Offender Decision Making* Wim Bernasco, Henk Elffers, Jean-Louis van Gelder, 2017-05-08 Although the issue of offender decision making pervades almost every discussion of crime and law enforcement only a few comprehensive texts cover and integrate information about the role of decision making in crime The Oxford Handbook of Offender Decision Making provide high quality reviews of the main paradigms in offender decision making such as rational choice theory and dual process theory It contains up to date reviews of empirical research on decision making in a wide range of decision types including not only criminal initiation and desistance but also choice of locations times targets victims methods as well as large variety crimes including homicide robbery domestic violence burglary street crime sexual crimes and cybercrime Lastly it provides in depth treatments of the major methods used to study offender decision making including experiments observation studies surveys offender interviews and simulations Comprehensive and authoritative the Handbook will quickly become the primary source of theoretical methodological and empirical knowledge about decision making as it relates to criminal behavior

**Treatment programmes for high risk offenders** Devon Polaschek, 2017-10-02 High risk offenders can have a disproportionate impact on their communities because despite all manner of sentencing options they continue to commit a wide range of crimes both minor and serious It is tempting to throw the book at them sometimes even to throw away the key However anything that helps offenders to change their propensity for re offending can really make a difference Over the last 30 years scientific research has guided the provision of treatment rehabilitation and reintegration services that lead to reductions in re offending Much of what we know however comes from work with medium risk offenders Although this work is important and valuable there is a lower level of complexity to working with medium risk offenders than most high risk offenders require This book recognizes the need to research and develop different approaches to rehabilitating high risk offenders Each of the contributions takes a different approach with a different group of offenders in a different setting Cumulatively the chapters provide encouragement for those working with high risk offenders along with a wide range of ideas about how to develop better services This book was originally published as a special issue of *Psychology Crime Law*

*Personality, Personality Disorder and Violence* Mary McMurran, Richard Howard, 2009-03-12 Presents the evidence base for links between personality traits psychological functioning personality disorder and violence with a focus on assessment and treatment approaches that will help clinicians to assess risk in this client group An evidence based examination of those personality traits and types of psychological functioning that may contribute to personality disorder and

violence and the links that can be made between the two Each chapter tackles an area of personality or psychological functioning and includes a developmental perspective discussion of how to gauge risk and an outline of effective treatments Traits covered include impulsivity aggressiveness narcissism and the Big Five neuroticism extraversion openness agreeableness and conscientiousness New for the prestigious Wiley Series in Forensic Clinical Psychology a market leader with more than 20 000 books in print

**Transitions to Better Lives** Andrew Day, Sharon Casey, Tony Ward, Kevin Howells, James Vess, 2013-05-13 Transitions to Better Lives aims to describe collate and summarize a body of recent research both theoretical and empirical that explores the issue of treatment readiness in offender programming It is divided into three sections part one unpacks a model of treatment readiness and explains how it has been operationalized part two discusses how the construct has been applied to the treatment of different offender groups part three discusses some of the practice approaches that have been identified as holding promise in addressing low levels of offender readiness are discussed Included within each section are contributions from a number of authors whose work in recent years has stimulated discussion and helped to inform practice in offender rehabilitation This book is an ideal resource for those who study within the field of criminology or who work in the criminal justice system and have an interest in the delivery of rehabilitation and reintegration programmes for offenders This includes psychologists social workers probation and parole officers and prison officers

Gangs in the Era of Internet and Social Media Chris Melde, Frank Weerman, 2020-08-13 The ubiquity of the internet and social media has influenced the lives of people across the globe including young people involved in street gangs and troublesome youth groups This development raises important questions about the causes features and consequences of online gang behavior as well as the consequences of this new phenomenon for gang prevention and intervention In this edited volume members of an international network of gang researchers the Eurogang Program of Research present findings and insights from recent academic gang studies focused on the use of internet and social media It focuses on online features of gangs and the consequences of social media for the study of these groups The second section of the book focuses on the meaning of online media for the prevention monitoring and intervention of gangs and for gang disengagement processes This is the first volume focused on the role of internet and social media in the study of gangs Providing much needed insights into online gang processes it will appeal to students and researchers interested in gangs and juvenile delinquency and to professionals practitioners and policy makers working on preventing or reducing gang involvement and delinquent behavior
