Apologia Extras:

Extra Series ,1878 Extra Innings Doris Grumbach,2014-12-02 A New York Times Notable Book A moving glimpse of a life shrewdly examined Extra Innings follows a year in the life of Doris Grumbach beginning with the release of her previous memoir and journal Coming into the End Zone and revealing that the devoted essayist novelist and critic possesses as keen an eye in her seventies as she did when she wrote The Spoil of Flowers thirty years earlier Grumbach details each passing month and the trials and tribulations therein Age and experience have tempered her anger allowing her to view the world in a rosier light than she has before In this eventful period that concludes with her move from Washington DC to Maine Grumbach travels between signings and speeches describes her home life in a new state and deals not only with her own mortality but with that of her daughter Grumbach s wisdom and wit endure as she looks back on her own memories seeing the world as only Doris Grumbach can The American Bibliopolist ,1869 **The Controversy over the Lord's Supper**

in Danzig 1561-1567 Bjørn Ole Hovda,2017-12-04 In 1561 a Eucharistic controversy erupted in Danzig of the sixteenth century sparked by disagreements on the real presence and the practical treatment of the Eucharistic elements It was one of many inner Lutheran struggles over the Lord s Supper in the years following the Reformation and therefore Bj rn Ole Hovda supplements the scientific studies on that topic Different understandings of the presence of Christ during the Lord s Supper formed different religious norms of practice On the one hand the controversy is here analyzed as a discussion on doctrine between opposing ecclesiastical factions set in the context of reformatory theology and liturgical practice The theological discussions had important practical and cultic implications One the other hand and in contrast with the most of earlier works the study seeks to treat with equal seriousness the wider societal and political aspects of the controversy Hovda shows how deeply embedded the Eucharist was within broader discourses of culture society and politics Far from being just an abstruse ecclesiastical matter it was a question of great sociopolitical interest and potency The Eucharist served both as the prime symbol of Christian unity as well as a confessional border stone between rivaling groups Other important aspects of this wider analysis are tensions between the ordained ministry and the city council regarding authority internal social tensions within the city as well as the strategic interests of the city in its relations to the Polish crown the Hanseatic league and the emerging new trading powers among others Through a close study of one particular controversy light is cast on a variety of issues with relevance to the broader field of Reformation studies especially concerning the centrality of the Eucharist
