Bioethics A Christian Approach In A Pluralistic Age Critical Issues In Bioethics:

Bioethics Scott B. Rae, Paul M. Cox, 1999 This new series of books brings thoughtful biblically informed perspectives to contemporary issues in bioethics Whether exploring abortion assisted suicide genetic engineering or other controversial issues in bioethics these volumes provide principled discussion of the ethical implications of today's medical and scientific breakthroughs Extremely useful to students scholars and general readers alike these volumes are ideal for classroom use in nontheological as well as theological settings This excellent text offers a broad based introduction to the field of bioethics Scott Rae and Paul Cox provide an assessment of various secular approaches to bioethics that are particularly influential today and develop a framework for a Christian approach meant to assist people in addressing the many pressing issues in the field Though touching on the numerous debated issues in bioethics the authors are primarily concerned here to give an account of the central theological notions crucial to an informed Christian perspective on bioethics Their work makes a stimulating and substantial contribution to a Christian bioethic that can effectively engage the pluralistic culture in which health care is practiced today

Christian Bioethics C. Ben Mitchell, D. Joy Riley, MD, 2014-12-15 Living in an era of highly technical medicine is comforting and sometimes confusing How should Christians make life and death decisions How do we move from an ancient text like the Bible to twenty first century questions about organ transplantation stem cell research and human cloning What kind of care do we owe one another at the end of life Is euthanasia a Christian option Using a dialogue format an ethicist and physician talk about how to think about thorny ethical issues Combining their backgrounds in medicine and theology they deal with real life moral questions in an accessible way C Ben Mitchell and D Joy Riley let readers eavesdrop on their conversation about the training of doctors the interpretation of the Bible and controversial issues like abortion assisted suicide genetic engineering and in vitro fertilization The book examines these topics under three general headings the taking of life the making of life and the faking of life Christian Bioethics is a guidebook for pastors health care professionals and families anyone facing difficult decisions about health care

Ethics & Medicine, 1999 **Philosophical Foundations for a Christian Worldview** J. P. Moreland, William Lane Craig, 2017-10-10 This comprehensive and award winning orientation to Christian philosophical foundations is now updated and expanded in a second edition including enhanced arguments updated bibliographies and new chapters on atonement and the mind body problem This textbook from Moreland and Craig two leaders in the field is the keystone in any library of Christian philosophy

Philosophia Christi, 1999 **Choose Life** John Goodrich, Jeanette Hagen Pifer, 2022-05-03 You're pro life But can you explain why You already believe in choosing life But when the counterarguments are coming at you from every angle legal biological medical ethical moral philosophical and biblical how do you defend the pro life view And as you defend it how do you speak with wisdom humility and compassion Now more than ever the times call for a balance of truth and mercy There are good wise and thoughtful rebuttals of every claim made by pro abortion advocates Collected here in one place Choose

Life offers you reasonable responses from leading experts in their respective fields The authors are accomplished women and men from all walks of life They ll help you know what to say and why to say it when you re faced with claims like The courts have already settled the issue The fetus is not a person My body my choice I shouldn t have to raise an unwanted child My circumstances justify ending my pregnancy Abortions are helpful to women and society The pro life movement doesn t care about social justice It s time to set aside the strident fist shaking and hurled insults Learn to make the pro life case with intelligent arguments and compassionate love just the way a Christian should **Christian Ethics** Hak Joon Lee,2021-11-09

In this capacious and accessible introduction to Christian ethics Hak Joon Lee advances a renewed vision of Christian life that is liberative grace centered and justice and peace oriented in nature Responding to key ethical questions of today Lee applies the moral meaning and implications of the New Covenant in Jesus Christ to twenty first century life characterized by fluidity fragmentation division and violence Christian Ethics begins by introducing covenant as the central drama and storyline of Scripture that culminates in the New Covenant of Jesus It presents shalom the wholeness and flourishing of creation as God s ultimate purpose and God s covenant as God s organizing mechanism of community that mediates God s work of liberation and restoration Lee proposes a creative model of Christian ethics based on the New Covenant of Jesus and its organizing patterns reconstructing the key categories of ethics agency norms authority of Scripture ethical discernment etc and drawing out four practices communicative engagement just peacemaking grassroots organizing and nonviolence The result is a new model of Christian ethics that is inclusive egalitarian ecological and justice and peace oriented which overcomes the limitations of traditional covenantal ethics In the second part of the book Lee systematically applies New Covenant ethics to the most urgent and controversial social issues of our time democratic politics economic ethics creation care criminal justice race sex and marriage medicine and war and peace Through his deep pastoral and irenic inquiries into these difficult topics Lee demonstrates a pattern of covenantal moral reasoning that undercuts the dominant neoliberal ethos of individualism and transactional relationship that more and more influences Christian moral decisions His conclusion is that as covenant has been at the heart of modern democracy human rights civil society and civic formation a renewed understanding of covenant centered in Jesus can help to heal our broken society and imperiled planet and to reorganize the fragmented human life in the era of globalization and digitization **Great Is Thy Faithfulness** John D. Woodbridge,David

M. Gustafson,Scott M. Manetsch,Bradley J. Gundlach,2022-11-09 From basement Bible study to leading evangelical institution Starting from humble beginnings in the late nineteenth century the story of Trinity International University and Trinity Evangelical Divinity School is one of faithfulness In Great Is Thy Faithfulness scholars John D Woodbridge David M Gustafson Scott M Manetsch and Bradley J Gundlach trace the journey of Trinity International University and Trinity Evangelical Divinity School In order to tell the story of evangelicalism in America one must know the story of Trinity International University Great Is Thy Faithfulness is an essential resource for understanding an institution that has been at

the center of evangelical theological life for decades Readers will be encouraged by God's faithfulness to his people

Procreative Ethics Fritz Oehlschlaeger, 2010-01-01 Procreative Ethics addresses questions at the beginning of life from a point of view that is alternatively philosophical and Christian The author seeks to defend philosophically some positions taken partly on Christian grounds while also trying to make the implications of Christian convictions intelligible to those who do not necessarily share those convictions The author positions himself neither as a moral friend nor moral stranger preferring instead the role of moral acquaintance to his audience From that position the goal is to find areas of fruitful agreement while clarifying differences that may lead to truer reconciliations further on in the conversation The book opens with an attempted natural law defense of artificial contraception devotes four chapters to criticism of current defenses of abortion and then takes up in six remaining chapters such matters as genetic enhancement of children the justice or injustice of genetic revision the harm conundrum or non identity problem designing for disability and reproductive cloning Fritz Oehlschlaeger has written a remarkable book that needs to be read by everyone with a stake in moral questions at life's beginning Displaying theological and philosophical sophistication as well as a profound wisdom these arguments must be taken seriously by those who agree with Oeschlaeger as well as those who do not Joel James Shuman King's College Writing with a modesty that betrays the depth of argument that characterizes Procreative Ethics Fritz Oehlschlaeger has written the most important book in bioethics in recent memory Bioethics has long suffered from a stale imagination Oehlschlaeger an acknowledged outsider to the field brings to his work a fresh imagination shaped by literary texts and a profound humanity Hopefully many will want to emulate his work in other areas of bioethics Stanley Hauerwas Duke University In this new book Fritz Oehlschlaeger has made masterful and persuasive arguments about the moral challenges looming at the beginning of human life And he does this as a highly informed non specialist an English professor no less Robert Benne Roanoke College

Essentials of Catholic Radicalism Corneliu C. Simuț, 2011 The book describes the fundamental tenets of Catholic Radicalism defined as an understanding of Christianity from a perspective which dismisses the traditional supernatural image of God The essentials of Catholic Radicalism are extracted from the works of Vito Mancuso a lay Italian theologian whose intention is to rebuild Christian theology starting from the natural and physical reality of this world Mancuso insists that he is a Catholic theologian despite his conviction that God should be seen today in atheistic terms which help us understand the world from a rational perspective The use of reason in theology is compulsory for Mancuso in order for theology to make sense in the skeptical society of our times which is characterized by a powerful lay consciousness
