Harford Vargas simultaneously utilizes formalist analysis to investigate how Latina o writers mobilize the genre of the novel and formal techniques such as footnotes focalization emplotment and metafiction to depict dictatorial structures and relations In building on narrative theories of character plot temporality and perspective Harford Vargas explores how the Latina o dictatorship novel stages power dynamics Forms of Dictatorship thus queries the relationship between different forms of power and the power of narrative form that is between various instantiations of repressive power structures and the ways in which different narrative structures can reproduce and resist repressive power

The Cultural Politics of U.S. Immigration Leah Perry, 2016-09-27 How the immigration policies and popular culture of the 1980 s fused to shape modern views on democracy In the 1980s amid increasing immigration from Latin America the Caribbean and Asia the circle of who was considered American seemed to broaden reflecting the democratic gains made by racial minorities and women Although this expanded circle was increasingly visible in the daily lives of Americans through TV shows films and popular news media these gains were circumscribed by the discourse that certain immigrants for instance single and working mothers were feared censured or welcomed exclusively as laborers In The Cultural Politics of U S Immigration Leah Perry argues that 1980s immigration discourse in law and popular media was a crucial ingredient in the cohesion of the neoliberal idea of democracy Blending critical legal analysis with a feminist media studies methodology over a range of sources including legal documents congressional debates and popular media such as Golden Girls Who s the Boss Scarface and Mi Vida Loca Perry shows how even while multicultural immigrants were embraced they were at the same time disciplined through gendered discourses of respectability Examining the relationship between law and culture this book weaves questions of legal status and gender into existing discussions about race and ethnicity to revise our understanding of both neoliberalism and immigration
