centered on his primary interests the Apollo Guidance Computer AGC and the Lunar Module These Journals are generally considered the canonical online reference on the flights to the Moon He was then asked to assist the curatorial staff in the creation of the Cradle of Aviation Museum on Long Island New York where he helped prepare the Lunar Module simulator a LM procedure trainer and an Apollo space suit for display He regularly lectures on the Apollo computer and related topics to diverse groups from NASA s computer engineering conferences the IEEE ACM computer festivals and university student groups
