Preventing the Sexual Victimization of Children Charles Patrick Ewing, 2014 Preventing the Sexual Victimization of Children is the first book to critically evaluate national and international efforts to reduce child sexual abuse and ameliorate its effects **Oxbridge Directory of Newsletters** ,2002 The Standard Periodical Directory ,2003 The Expert Consumer Alain Chatriot, Marie-Emmanuelle Chessel, 2017-09-29 Recent work has focused on the politics of consumption and its manifestation in a number of situations This volume extends these debates providing a tighter focus and contributing to a noticeable gap in the field that numerous scholars are beginning to turn towards that is organizations of consumers themselves who have chosen to speak for all consumers and similar such bodies of experts which act on behalf of consumers The volume is fortunate in drawing upon a number of scholars who are about to publish major works on the subject but who are happy to provide summary versions of their work for the volume The book pays particular attention to specific moments in consumer mobilization and expertise capturing the range of types of expert consumers across the twentieth century from ethical consumer groups at the beginning to intellectuals housewives economists and public officials It addresses questions on the nature of consumer organizing which bodies can speak for consumers whether one consumer voice can ever be identified and the relationship between consumption and citizenship Overview pieces demonstrate the larger narratives involved in the study of the expert consumer whilst more comparative essays set out the nature of transatlantic exchanges Other contributions point to the similarities across seemingly different consumption regimes while case studies of specific organisations and key historical moments draw out the particularities of consumer expertise Big City Blues ,2002-02

The African-american History of Nashville, Tn: 1780-1930 (p) Bobby L. Lovett, 1999 Intro Contents Preface 1 Black Nashville during Slavery Times 2 Religion Education and the Politics of Slavery and Secession 3 The Civil War Blue Man s Coming 4 Life after Slavery Progress Despite Poverty and Discrimination 5 Business and Culture A World of Their Own 6 On Common Ground Reading Riting and Arithmetic 7 Uplifting the Race Higher Education 8 Churches and Religion From Paternalism to Maturity 9 Politics and Civil Rights The Black Republicans 10 Racial Accommodationism and Protest Notes Index **Guide to Nashville, Tenn** Nashville (Tenn.), 1889 The Burden of Busing Richard A. Pride, 2002-11 What effect have twenty five years of school desegregation had on Nashville Richard A Pride and J David Woodard evaluate the city s efforts at integration and systematically examine the crucial issues involved They argue that the controversy has little to do with costs bus routes or achievement test scores Instead they claim it strikes at fundamental cultural issues Nashville s white citizens the authors observe resisted busing from the beginning After nine years experience blacks had become equally hostile to the notion arguing that they and they alone bore the burden Their schools had been closed their offspring had had to travel farther for instruction and their institutions and culture had been disrupted Blacks rejected assimilation demanding schools in their neighborhoods in which their children would predominate and would be supervised and taught by people of

their own race A federal judge heard the case He agreed that the costs of the experiment had outweighed the benefits In 1980 in the first such decision made in the nation he ordered an end to busing His opinion explained his concern that busing was creating two school systems one private white and middle class one public black and poor The legal impact of the case was blunted when on appeal the Sixth Circuit Court ordered busing be re established in Nashville
