Bas Calotte French L Taxil:

Children of Lucifer Ruben van Luijk, 2016-05-02 If we are to believe sensationalist media coverage Satanism is at its most benign the purview of people who dress in black adorn themselves with skull and pentagram paraphernalia and listen to heavy metal At its most sinister its adherents are worshippers of evil incarnate and engage in violent and perverse secret rituals the details of which mainstream society imagines with a fascination verging on the obscene Children of Lucifer debunks these facile characterizations by exploring the historical origins of modern Satanism Ruben van Luijk traces the movement's development from a concept invented by a Christian church eager to demonize its internal and external competitors to a positive anti religious identity embraced by various groups in the modern West Van Luijk offers a comprehensive intellectual history of this long and unpredictable trajectory This story involves Romantic poets radical anarchists eccentric esotericists Decadent writers and schismatic exorcists among others and culminates in the establishment of the Church of Satan by carnival entertainer Anton Szandor LaVey Yet it is more than a collection of colorful characters and unlikely historical episodes The emergence of new attitudes toward Satan proves to be intimately linked to the ideological struggle for emancipation that transformed the West and is epitomized by the American and French Revolutions It is also closely connected to secularization that other exceptional historical process which saw Western culture spontaneously renounce its traditional gods and enter into a self imposed state of religious indecision Children of Lucifer makes the case that the emergence of Satanism presents a shadow history of the evolution of modern civilization as we know it Offering the most comprehensive account of this history yet written van Luijk proves that in the case of Satanism the facts are much more interesting than the fiction

The Devil's Best Trick Randall Sullivan, 2024-05-14 Part true crime story part religious and literary history an investigation into the nature of evil and the figure of the Devil by acclaimed journalist Randall Sullivan Throughout history humans have struggled to explain the evils of the world and the darkest parts of ourselves The Devil's Best Trick is a unique and far reaching investigation into evil and the myriad ways we attempt to understand it particularly through the figure of the Devil Sullivan's narrative moves through centuries of historical religious and cultural conceptions of evil and the Devil from the Mesopotamian and Egyptian gods to the Book of Job to the New Testament to the witch hunts in Europe in the 15th through 17th centuries to the history of the devil worshipping Black Mass ceremony and its depictions in 19th century French literature He references major literary religious and historical figures from the Persian sages Zoroaster and Mani Plato Thomas Aquinas John Milton Edgar Allan Poe Aleister Crowley and many more among them Charles Baudelaire from whose work Sullivan took the title of the book But this is not just a cultural history Sullivan intersperses original reporting and personal reflection He travels to Catemaco Mexico to participate in the Hour of the Witches an annual ceremony in which hundreds of people congregate in the jungle south of Vera Cruz to negotiate terms with El Diablo He takes us through the most famous and best documented exorcism in American history

which occurred in 1928 and lasted four months He ponders the psychology of evil through his encounter with one brutal serial killer and he reports on the Satanic Panic of the 1980s detailing the shocking story of a small town in Texas that one summer in 1988 unraveled into paranoia after a seventeen year old boy was found hanging from the branch of a horse apple tree and rumors about cult worship spread throughout the wider community Randall Sullivan whose reportage and narrative skill has been called extraordinary and enthralling by Rolling Stone takes on a bold task in this book that is both biography of the Devil and a look at how evil manifests in the world *Bibliothèque anti-cléricale: A bas la calotte!* Léo Taxil,1879
