Building Nation Caribbean Federation Diasporas:

Building a Nation Eric D. Duke, 2018-10-15 Caribbean Studies Association Gordon K and Sybil Lewis Award Honorable Mention The initial push for a federation among British Caribbean colonies might have originated among colonial officials and white elites but the banner for federation was quickly picked up by Afro Caribbean activists who saw in the possibility of a united West Indian nation a means of securing political power and more In Building a Nation Eric Duke moves beyond the narrow view of federation as only relevant to Caribbean and British imperial histories By examining support for federation among many Afro Caribbean and other black activists in and out of the West Indies Duke convincingly expands and connects the movement's history squarely into the wider history of political and social activism in the early to mid twentieth century black diaspora Exploring the relationships between the pursuit of Caribbean federation and black diaspora politics Duke convincingly posits that federation was more than a regional endeavor it was a diasporic black nation building undertaking with broad support in diaspora centers such as Harlem and London deeply immersed in ideas of racial unity racial uplift and black self determination A volume in this series New World Diasporas edited by Kevin A Yelvington **Colonized by Humanity** Rob Waters, 2023 Colonized by Humanity is a study of racial liberalism at the end of empire It uncovers the projects to cultivate racial integration developed in the two decades between the arrival of the Empire Windrush and the passage of the first Race Relations Act Beyond Coloniality Aaron Kamugisha, 2019-02-01 Against the lethargy and despair of the contemporary Anglophone Caribbean experience Aaron Kamugisha gives a powerful argument for advancing Caribbean radical thought as an answer to the conundrums of the present Beyond Coloniality is an extended meditation on Caribbean thought and freedom at the beginning of the 21st century and a profound rejection of the postindependence social and political organization of the Anglophone Caribbean and its contentment with neocolonial arrangements of power Kamugisha provides a dazzling reading of two towering figures of the Caribbean intellectual tradition C L R James and Sylvia Wynter and their quest for human freedom beyond coloniality Ultimately he urges the Caribbean to recall and reconsider the radicalism of its most distinguished 20th century thinkers in order to imagine a future beyond neocolonialism

Democracy's Foot Soldiers Reena N. Goldthree, 2025-11-18 A captivating history of the Afro Caribbean soldiers who fought for the British Empire in World War I and their transnational campaign for equality Following the outbreak of World War I tens of thousands of men from the British Caribbean volunteered as soldiers to fight on behalf of the British Empire Despite living far from the bloody battlefields of Europe these men enlisted for a variety of reasons to affirm their masculine honor pursue economic mobility or enhance their standing as colonial subjects Democracy's Foot Soldiers offers a sweeping account of the British West Indies Regiment the military unit established in 1915 for Caribbean volunteers documenting their service during the war and their dramatic battles for racial equality and fair treatment in the armed forces and on the home front Drawing on previously overlooked archival sources in the Caribbean England and United States Reena Goldthree

demonstrates how wartime military mobilization spurred heightened demands for social economic and political reform in the colonial Caribbean She recovers the forgotten contributions of Afro Caribbean troops during the war following their harrowing journeys to military camps in Europe Africa and the Middle East Goldthree chronicles how after the war soldiers their families and their civilian allies launched their own war for democracy strategically using the rhetoric of imperial patriotism rather than the more militant language of anticolonial nationalism to fight for respect and equality Democracy s Foot Soldiers places these soldiers at the forefront of popular struggles over race labor and economic justice in the early twentieth century Caribbean showing that the war years were a crucial period of political ferment and mass mobilization in the region *Offshore Attachments* Chelsea Schields,2023-05-23 In this highly original work historian Chelsea Schields illuminates how the contested management of sex and race transformed the Caribbean into a crucial site in the global oil economy By the mid twentieth century the Dutch islands of Cura ao and Aruba housed the world s largest oil refineries To bolster this massive industrial experiment oil corporations and political authorities offshored intimacy circumventing laws regulating sex reproduction and the family in a bid to maximize profits and turn Caribbean subjects into citizens *Offshore Attachments* reveals that from boom to bust Caribbean people challenged and embraced efforts to alter intimate behaviors in service of the energy economy molding the industry from the ground up Moving from Caribbean oil towns to European metropolises and examining such issues as sex work contraception kinship and the constitution of desire Schields narrates a surprising story of how racialized concern with sex shaped hydrocarbon industries as the age of oil met the end of empire

Migration and Vodou Karen E. Richman,2018-10-02 This book and accompanying compact disc provide a rare excursion in the innovative ways a community of Haitian migrants to South Florida has maintained religious traditions and familial connections It demonstrates how religion ritual and aesthetic practices affect lives on both sides of the Caribbean and it debunks myths of exotic and primitive vodou often spelled voodoo which have long been used against Haitians As Karen Richman shows Haitians at home and in migrant settlements make ingenious use of audio and video tapes to extend the boundaries of their ritual spaces and to reinforce their moral and spiritual anchors to one another The book and CD were produced in collaboration to give the reader intimate access to this new expressive media Sacred songs are recorded on tapes and circulated among the communities Migrants are able to hear not only the performance sounds drumming singing and chatter but also a description as narrators tell of offerings sacrifices prayers and the exchange of possessions Spirits who inhabit the bodies of ritual actors are aware of the recording devices and personally address the absent migrants sometimes warning them of their financial obligations to family members in Haiti The migrants dependence on their home village is dramatically reinforced while their economic independence is restricted Using standard ethnographic methods Richman s work illuminates the connections among social organization power production ritual and aesthetics With its transnational perspective it shows how labor migration has become one of Haiti s chief economic exports A volume in the series New World
