Play: A Play by Jed McKenna Jed McKenna, 2015 It is what it is they say but is it Jed McKenna has always been more about destroying questions than answering them so it s no surprise that Play is more Q than A In fact it might be viewed as a progression through the stages of self inquiry each of the seven vignettes taking us a bit further along on the inward journey the early vignettes asking the questions and the latter ones looking at those who do ask showing us promising us warning us where honest and relentless inquiry really lead But who Jed has asked really wants to go where this road really leads On this journey who you are changes with every step and it s all about taking the next step In the end Play is what it is Or is it Maybe it s the journey of the examined life or maybe it s just a playful little play Ultimately of course Play like life like anything is whatever it is to you
