Bad Blood Actors Taylor Swift:

The Words and Music of Taylor Swift James E. Perone, 2017-07-14 This scholarly analysis of the music of Taylor Swift identifies how and why she is one of the early 21st century's most recognizable and most popular stars. By the age of 13, singer-songwriter Taylor Swift had already inked a development deal with a major record label. This early milestone was an appropriate predictor of what accomplishments were to come. Now a superstar artist with an international fanbase of millions and several critically acclaimed and commercially successful albums, Swift has established herself as one of the most important musicians of the 21st century. This accessible book serves Taylor Swift fans as well as students of contemporary popular music and popular culture, critically examining all of this young artist's work to date. The book's organization is primarily chronological, covering Taylor Swift's album and single releases in order of release date while also documenting the elements of her music and personality that have made her popular with fans of country music and pop music across a surprisingly diverse age range of listeners. The chapters address how Swift's songs have been viewed by some fans as anthems of empowerment or messages of encouragement, particularly by members of the LGBTQ community, those who have been bullied or been seen as outsiders, and emerging artists. The final chapter places Swift's work and her public persona in the context of her times, with respect to her use of and relationship with technology, for example, her use of social media and songwriting technology, and her expressions of a new type of feminism that is unlike the feminism of the 1970s.

Bad Blood Mari Mancusi, 2010-01-05 The newest Blood Coven novel, accompanied by edgy repackages of the rest of the series. Sunny McDonald is in the ultimate forbidden relationship. Her boyfriend Magnus is a vampire and the leader of the Blood Coven. And when the Coven decides that Magnus needs a mate to be his co-ruler, Sunny's humanity puts her out of the running. The Coven's chosen candidate is Jane Johnson, a magna cum laude graduate of Oxford University who just happens to look like a vampiric supermodel. Sunny is suspicious of a Rhodes Scholar who can't answer the most basic poli-sci questions, but Magnus brushes it off as petty jealousy. Still, when the Blood Coven goes to Las Vegas for a vampire convention, Sunny and her twin sister Rayne secretly tag along. And Sunny's not going home before she learns the truth about Jane. Because not everything stays in Vegas, especially *bad blood*.

Taylor Swift Tyler Conroy, 2016-10-11 Ten years ago, an unknown sixteen-year-old released a self-titled debut country album. A decade later, Taylor Swift has reached record-breaking, chart-topping heights. A ten-time Grammy winner, Swift has been hailed for her songwriting talent, crossed effortlessly from country to pop, and established herself as a musician who can surprise, delight, and inspire all while connecting with her fans in a way that only she can. Amazingly, after all these years, there is no great comprehensive book about Swift for her fans until now. This book, a fan-generated celebration of Swift's first decade as an artist, collects the best writing and images from the past ten years in one gorgeous volume. From pre-fame interviews in local Pennsylvania newspapers to major profiles from album reviews by top critics to essays by beloved novelists, from album-themed crossword puzzles and adult coloring pages to profiles of Taylor's
